Our Journey Begins On . . .

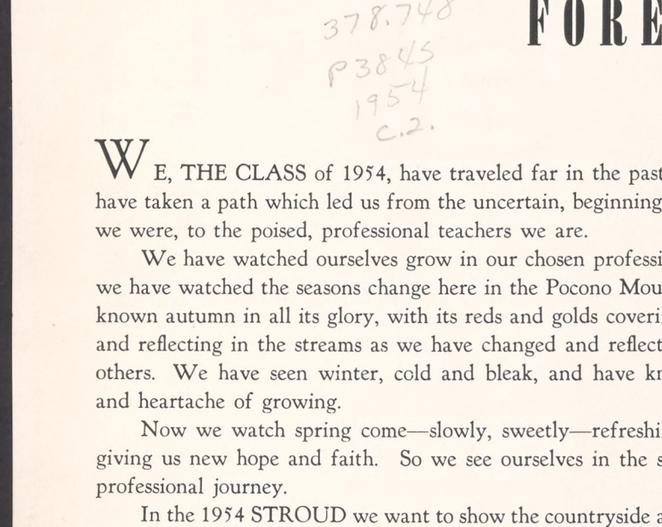

FOREWORD

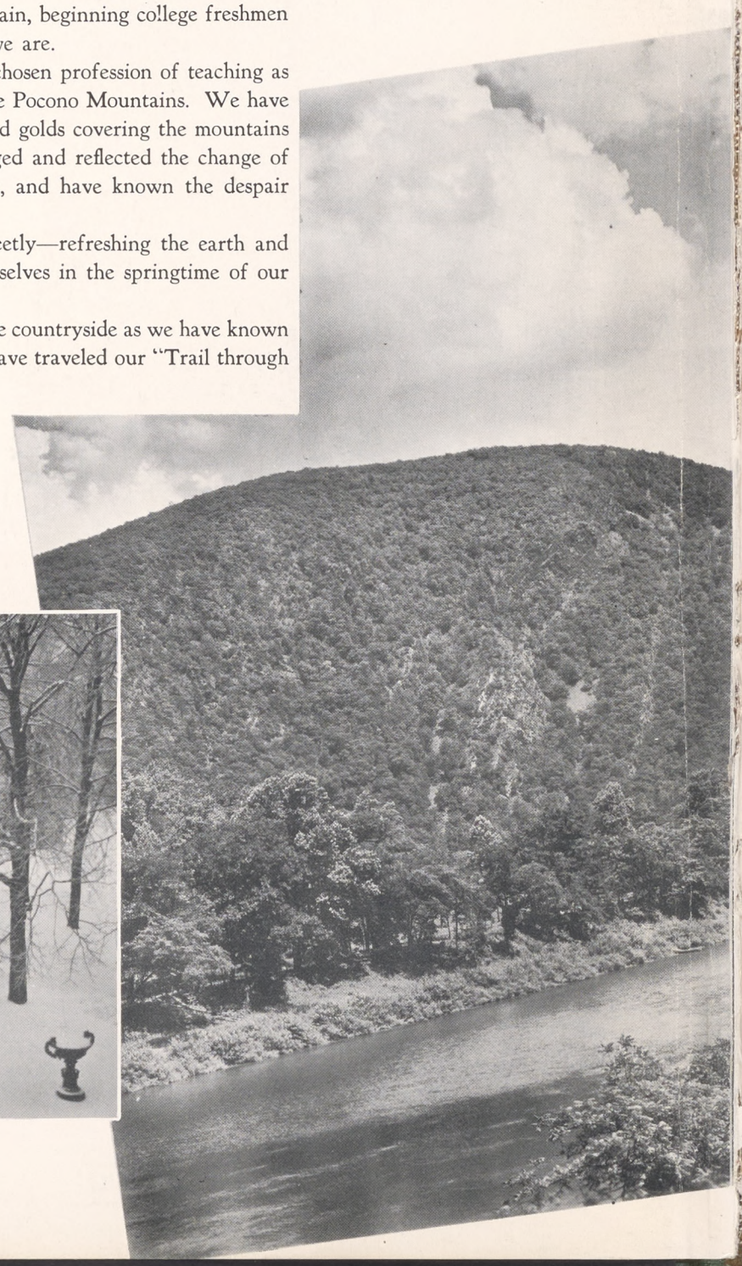

WE, THE CLASS of 1954, have traveled far in the past four years. We have taken a path which led us from the uncertain, beginning college freshmen we were, to the poised, professional teachers we are.

We have watched ourselves grow in our chosen profession of teaching as we have watched the seasons change here in the Pocono Mountains. We have known autumn in all its glory, with its reds and golds covering the mountains and reflecting in the streams as we have changed and reflected the change of others. We have seen winter, cold and bleak, and have known the despair and heartache of growing.

Now we watch spring come—slowly, sweetly—refreshing the earth and giving us new hope and faith. So we see ourselves in the springtime of our professional journey.

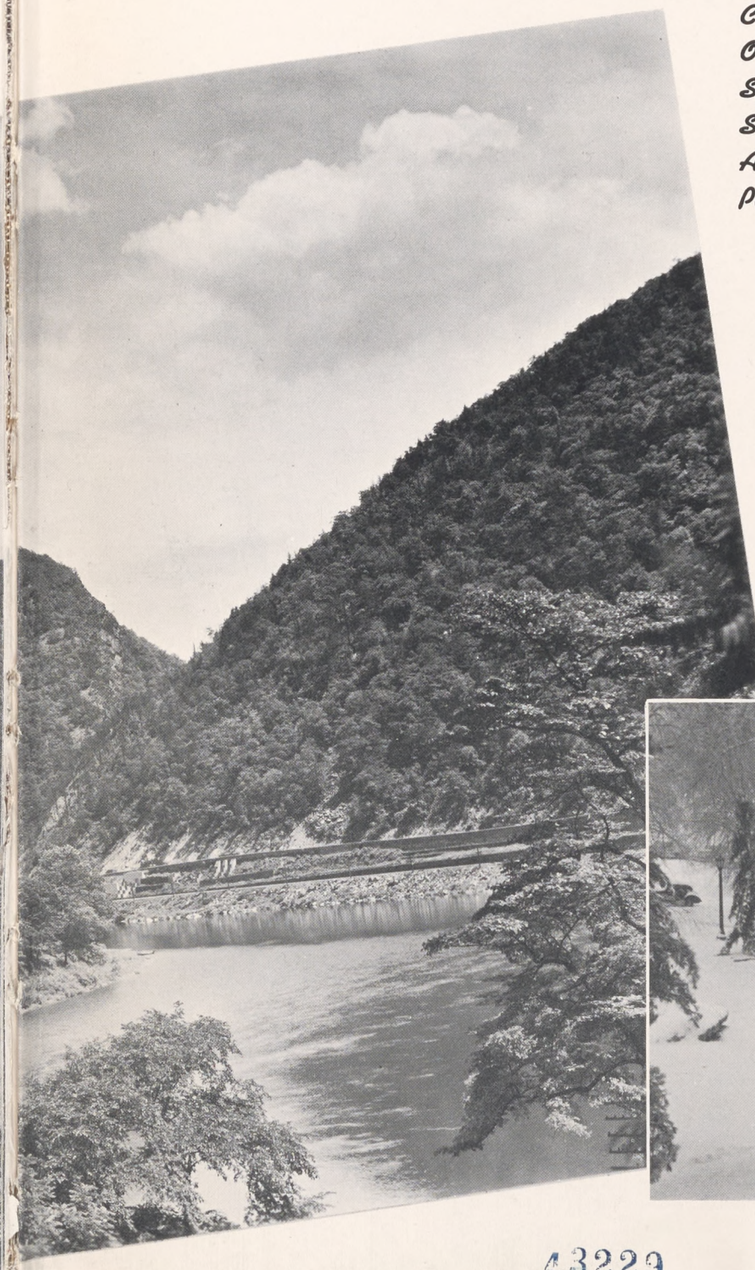

In the 1954 STROUD we want to show the countryside as we have known it, our school, our friends and ourselves as we have traveled our "Trail through the Poconos".

A Trail Through The Poconos

FOR FOUR YEARS the class of 1954 has made its way through the by-paths and trails of the Poconos on its course toward attainment. All the trails converged at the campus on top of Normal Hill. Here, a new way of life with intricate and challenging paths was opened. There were many paths which could have been taken. The short and pleasurable paths led to a quickly-terminated college career. There were, however, many difficult paths which confronted the aspirants to the door of knowledge. It was a sincere faculty who offered the inspiration and guidance necessary for the achievement of the ultimate goals, sound and fundamental educational experience, democratic living, and the high ideals of the teaching profession. It was this same faculty who bridged the gap between the inadequacies of the past and the capabilities of the present.

Levels of academic achievement are marked by the progression from the freshman through the senior classes. During the freshman year, the ambitions of youth are exposed to the greater depths of specialized knowledge. The inhibitions of the past are set aside as the freshmen are subjected to a new and more mature social group. For sophomores, the process of integration into college life becomes the pre-eminent consideration. Participation in the social and governmental functions of the college becomes an important part of their interests. In the junior year, the students take their places as leaders in college activities. Specialization in the varied academic programs establishes the prerequisite for teaching in the major and minor fields. The junior dance is a diversion from scholastic endeavors. Professional growth and attitudes are realized through the student teaching program of the senior year. Educational philosophy and theory, combined with subject matter, are applied in practical situations.

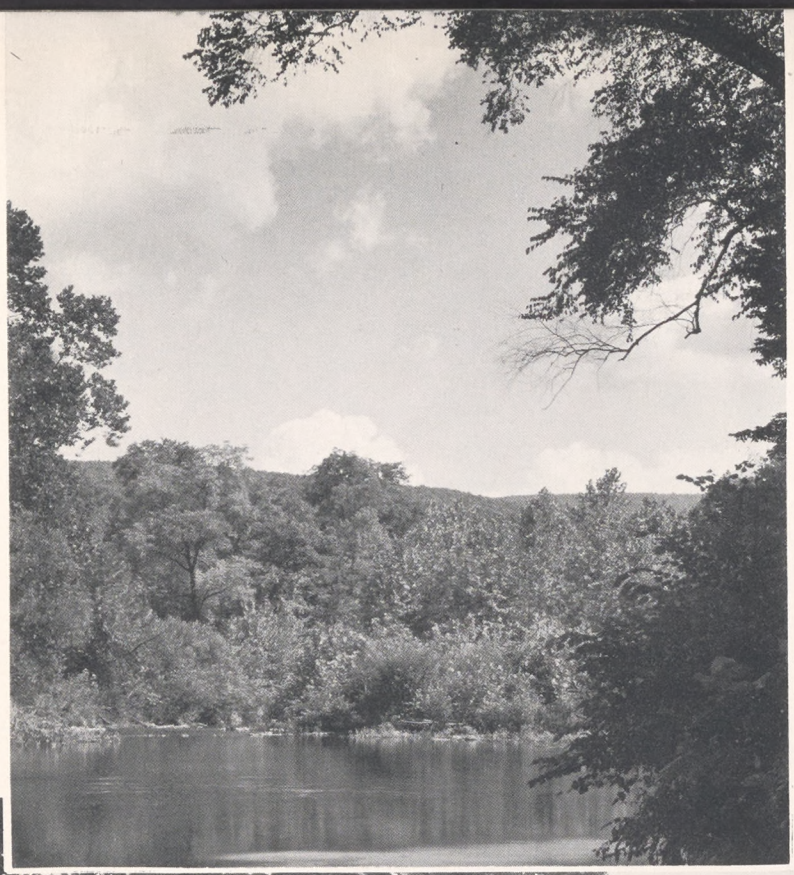

The governing bodies are organized to provide the necessary direction of the social functions throughout the year. Members gain an insight into the democratic principles necessary for conscientious citizenship. Honorary societies are established to acknowledge those students who have attained distinction in scholarship and leadership. Specialized organizations are designed to broaden the scope of knowledge gained in classroom activities.

Through the playing of sports, the ideals of fair play are achieved. These ideals are realized not only on the athletic field but in the interaction of human relationship and the development of "a sound mind in a sound body." These varied physical skills are not limited to the proficient but are offered for the enjoyment and recreation of all those who wish to participate.

The dances sponsored by the classes and the Social Council are one of the varied means for students to get together in a congenial atmosphere. One of the last gatherings of the senior class is the Senior Dinner Dance, the final meeting of the class in a social situation. Plays, minstrels and campus movies will be remembered in nostaglic glimpses of the many hours most enjoyably spent.

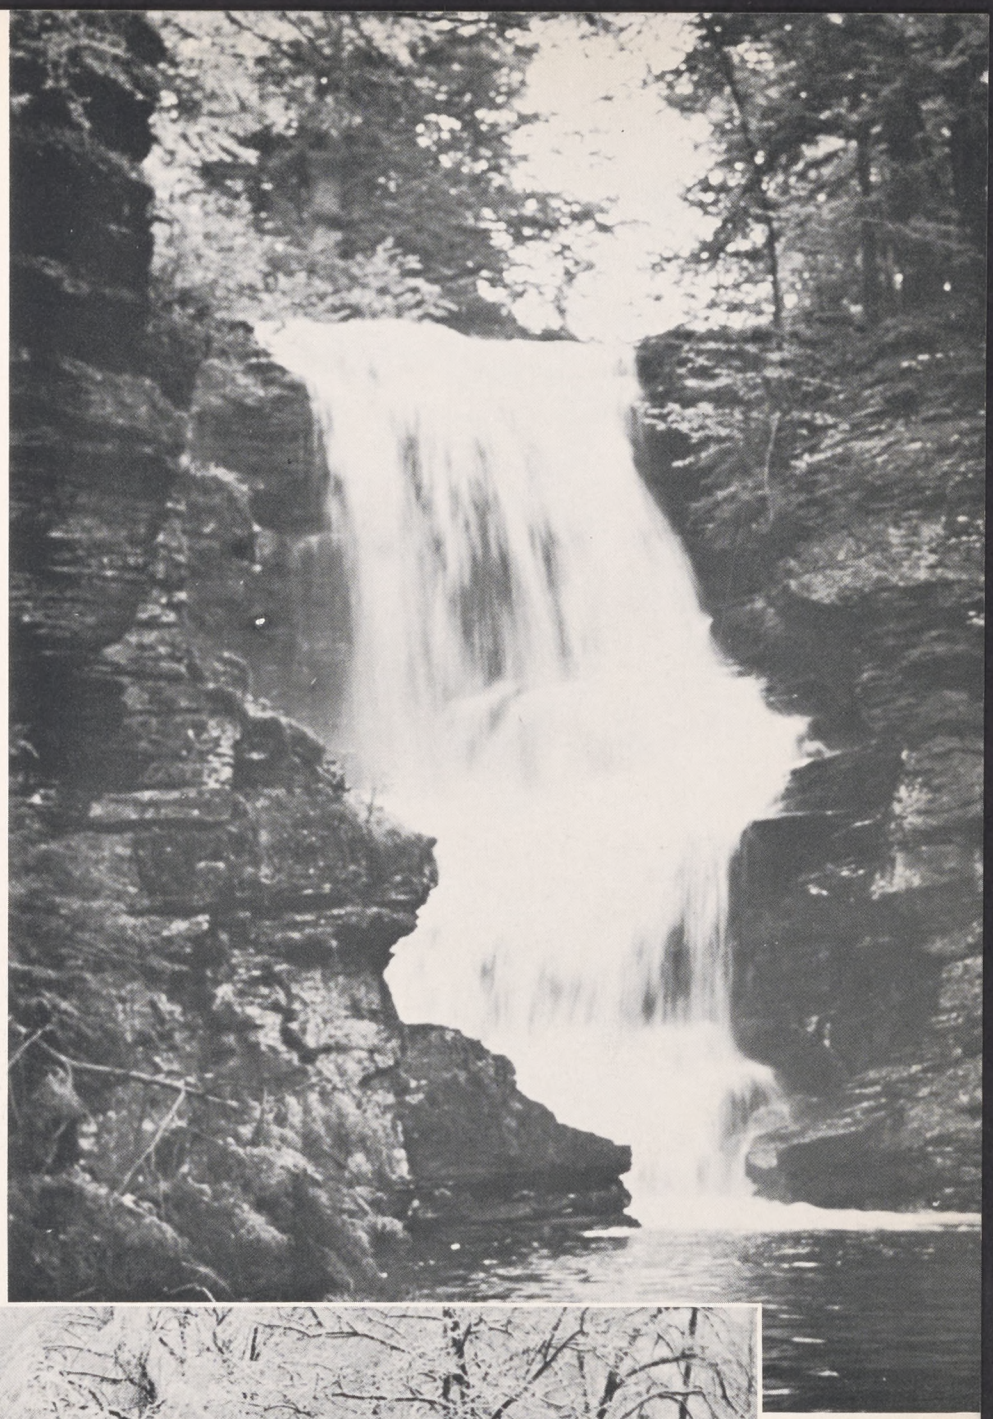

Our trail through the Poconos will not end upon graduation from the college. It is only the beginning of the many new trails. Mother Knowledge, born again in the minds of her sons and daughters, will lead new aspirants to her door. "Go now, and teach all nations."

In Honor of Dr. Mary C. Cleaver

The end of a trail devoted to service and teaching was reached in August of 1953 by one of the most familiar figures on campus, Dr. Mary Cleaver, a victim of cancer. Dr. Cleaver was influential in many lives on campus. Her understanding nature, tempered with a great deal of common sense, served to endear her to those who knew her.

In addition to teaching in the biology department, she was chairman of the faculty committee on guidance and adviser to the women day students. She was a member of Sigma Zeta science fraternity, a member of the American Association of University Women and president of the local chapter of Delta Kappa Gamma, honor fraternity for outstanding women in education. She belonged to the Society of Friends and the Progressive Women's Club of Saylorsburg.

Dr. Cleaver was born in Ohio where she attended Westtown Friends School and received A.B., M. A. and Ph.D. degrees from Ohio State University. She had been professor of biology in North Carolina and California before coming to ESSTC in 1944.

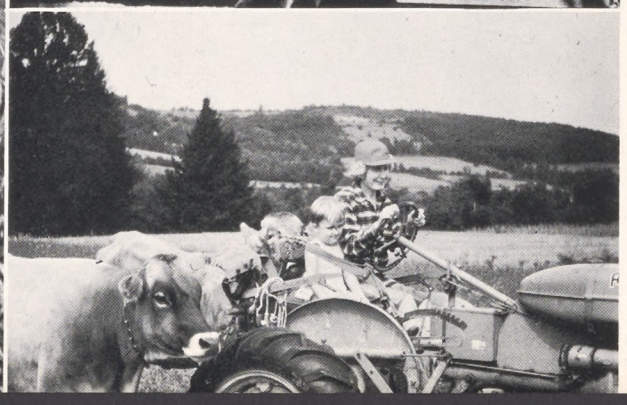

Dr. Cleaver's farm, with its crops and livestock, consumed most of her time out of college. This farm exemplified in every way Dr. Cleaver's love of nature and of the great out-of-doors.

Dr. Cleaver will be remembered for her ability to listen to just one more problem and to create a feeling that life is good, that it should be enjoyed.

WILLET HUGHES

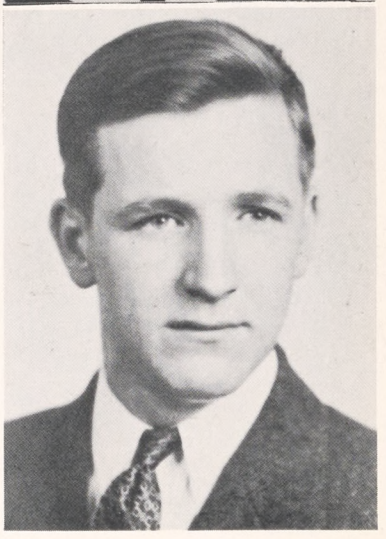

Wilkes-Barre, Pa. **Elementary**

Willet Hughes was a man in every sense of the word. To glorify him would be wrong; it was his every idiosyncracy that endeared him to the people who knew him. His philosophy, sharp sense of humor and deep seriousness often presented this veteran of World War II as a controversial character. It was his straightforward approach to life itself that we shall not forget.

ALPHA PHI OMEGA

Who's Who

Take intelligence, sincerity, participation in academic and extra-curricular activities, leadership and citizenship. Mix well, and the result will usually be a candidate for "Who's Who Among Students in American Universities and Colleges".

This year fourteen ESSTC seniors were chosen by a faculty committee to become members of this exclusive organization, called briefly, "Who's Who".

"Who's Who Among Students in American Universities and Colleges" is a national publication issued each year, containing write-ups of the chosen students from about 650 colleges and universities. Besides the write-ups, the members receive the benefits of the organization's placement service when they seek positions.

Kappa Delta Pi

Scholarship, leadership and an interest in education are the requisites for membership in Kappa Delta Pi. Members of the ESSTC chapter, Gamma Xi, have not only obtained a cumulative quality point average of 2.2 but they have also participated in many extra-curricular activities. In the interest of education, panels and speakers are part of many Kappa Delta Pi meetings. Topics discussed have ranged from student-teaching problems to an evaluation of the national government's policies.

Kappa Delta Pi members have the privilege of belonging to a national honor society in education which has in its laureate chapter such famous people as Mrs. Eleanor Roosevelt, Dr. Albert Einstein and Dorothy Canfield Fisher.

Sigma Zeta Tau

Sigma Zeta Tau is a national honorary science society welcoming to its membership those juniors and seniors who are majoring or minoring in science or mathematics and whose outstanding work in these fields merits special recognition. The prime purpose of the organization is to foster the development of science in our college.

The most outstanding event in the history of the Tau chapter has been the establishment of a science clinic. In the past year, the clinic has offered its services to many students. Each year, the society, in conjunction with the college, sponsors a science conference in which many local educators participate.

Meetings of the Tau chapter feature many outstanding scientists. Members of the society are often called upon to display their ability by performing experiments relating to their field.

Gamma Theta Upsilon

Gamma Theta Upsilon, Omega Chapter, is an honorary national professional fraternity in geography which is open to men and women who are majoring or minoring in geography on our campus.

The purpose upon which Gamma Theta Upsilon has been organized is the advancement of geographical knowledge useful in the teaching profession. Chapters of Gamma Theta Upsilon are limited to those colleges and universities that have membership in recognized accrediting associations.

Physiographic and topographic studies of the college and the surrounding area have been undertaken as one of the major projects for the 1953-1954 season. The program includes discussions and trips to geographical conferences throughout the nation.

Alpha Psi Omega

Hard work is the key-note for Alpha Psi Omega. Aspirants to this national dramatic fraterity — all members of Mask and Zany, the dramatic club — work in many phases of drama before they are invited to membership in the ESSTC chapter, Iota Omicron. Their activities may include acting, workshop, makeup, properties, publicity or any of the numerous aspects involved in good theatre. Members may gain experience also in assisting with the direction of a play.

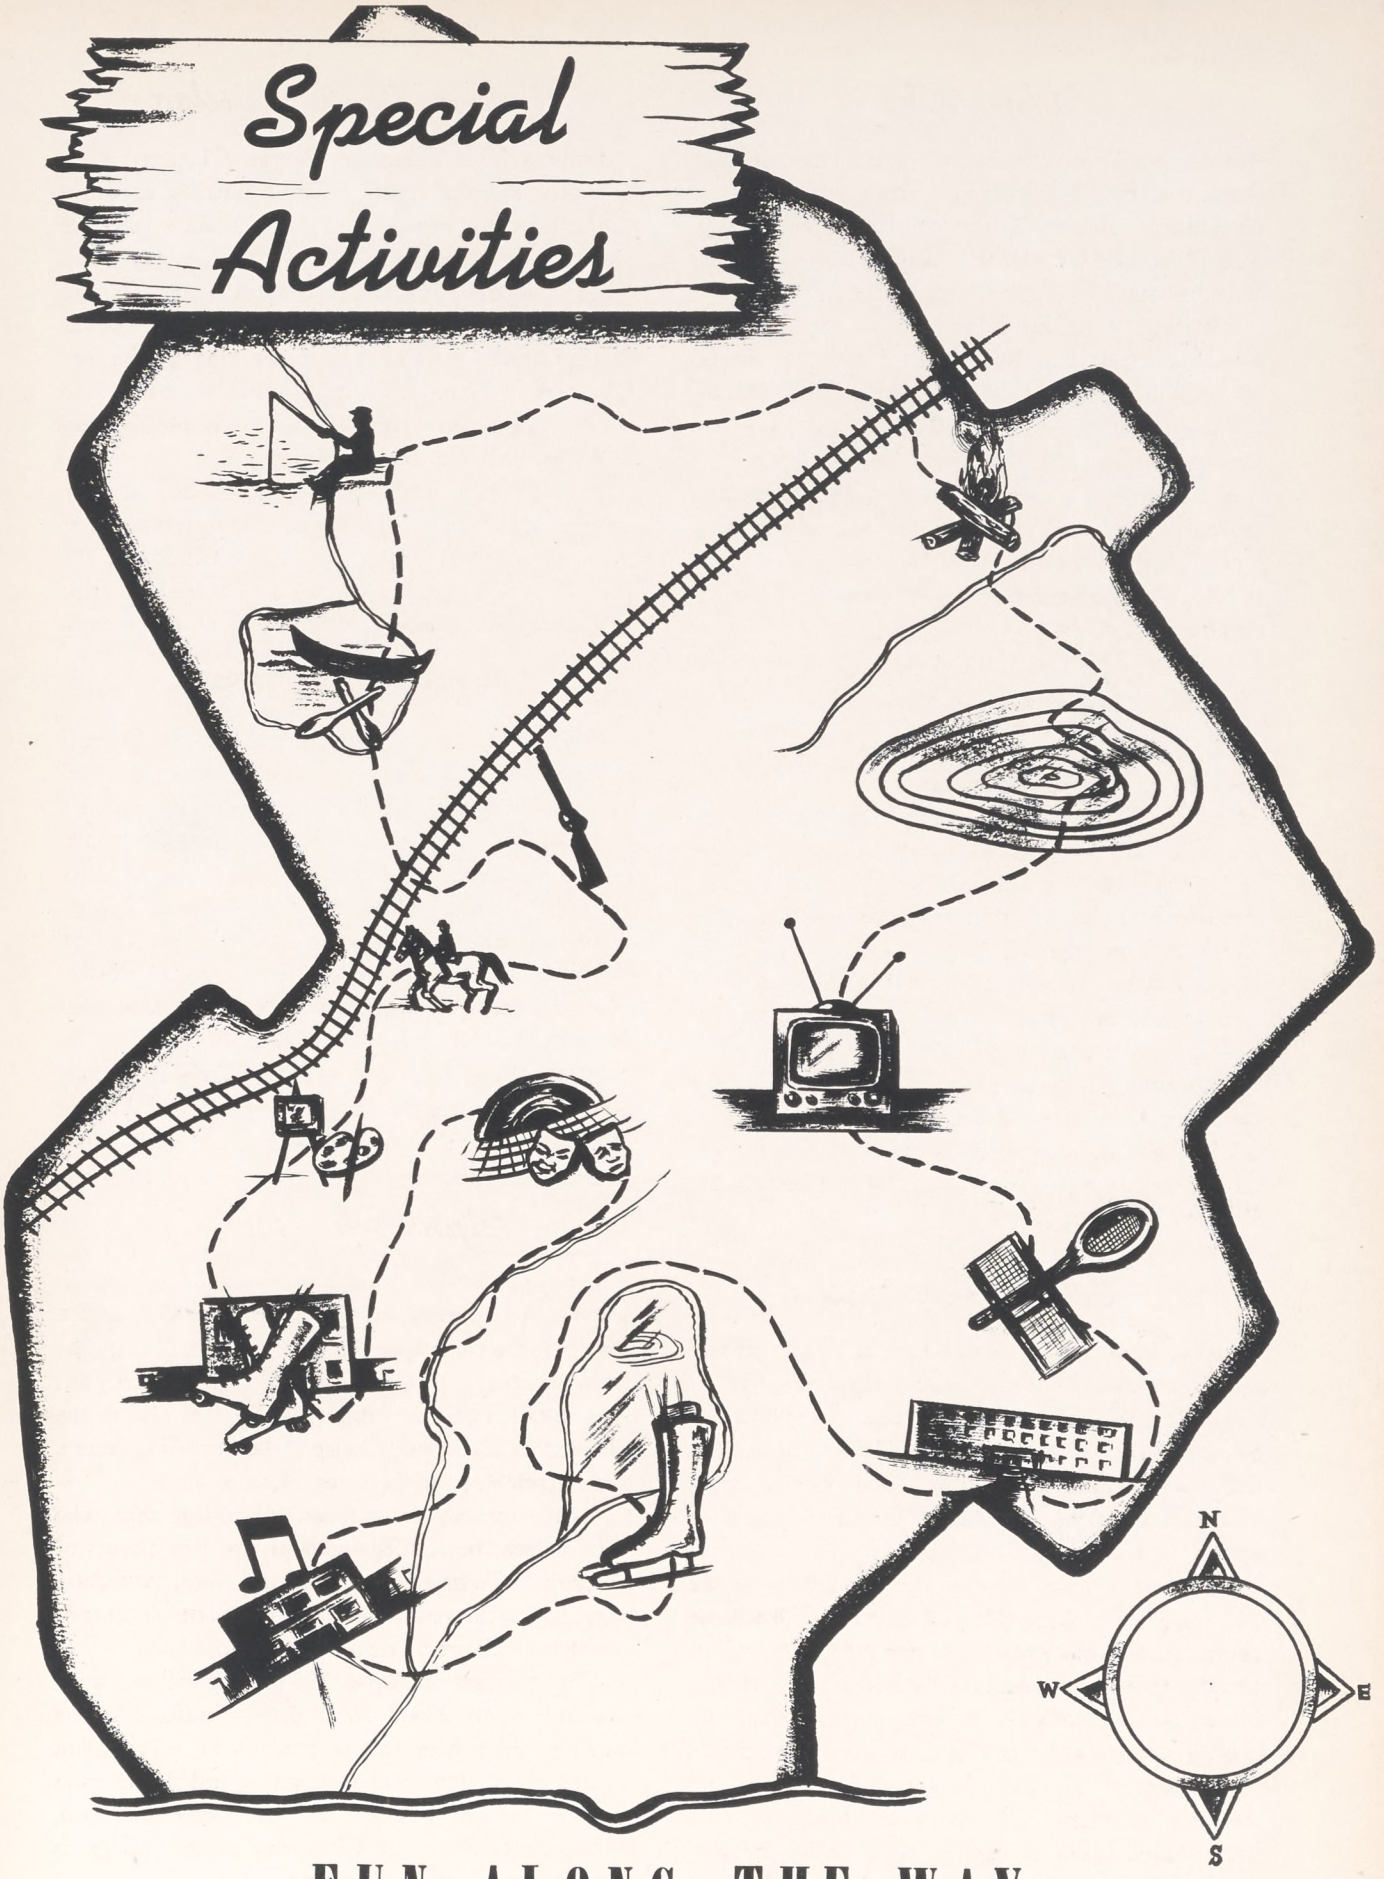

Alpha Psi Omega goes to New York at various times to see current Broadway plays. The fraternity also has speakers at its meetings and semi-annual initiation banquets.

Alpha Phi Omega

Service to humanity and the promotion of friendship to the country, to the community and to the college is the basis upon which Alpha Phi Omega has been organized. Delta Upsilon, the local chapter, was installed on our campus in 1947 by the Alpha chapter of Lafayette College, the founding house, with ceremonies at the Indian Queen Hotel.

Its membership is composed of college men who are, or have been, affiliated with the Boy Scouts of America. To be eligible for membership, candidates must have achieved satisfactory scholastic attainment and have a desire to render service to others.

The program of Alpha Phi Omega includes such activities as the blood donor drives, traffic direction during conferences and at graduation, a boy scout camporee for the local boy scouts and flower sales for the college dances. Dr. G. Raymond Hood, Associate Professor of Chemistry at the college, is the adviser of the local chapter.

The Blue Pencil Club is the campus literary organization. It is designed to promote interest in worthwhile literature. Each member is encouraged to attempt some type of creative writing.

Students participate in the varied programs and discussions, usually on some phase of contemporary writing. Occasionally, guest speakers address the club on interesting literary subjects. Every spring, the club celebrates an annual "Culture Day" in New York City.

Current events are mainly the topic of discussion of the World Outlook Club. Students interested in the fields of social studies or social problems join World Outlook and find that it is one of the most active clubs about campus. Meetings are planned to include a guest speaker or a panel. In the past the club has made many trips to the United Nations.

STUDENT CHRISTIAN ASSOCIATION

The Student Christian Association of the college is affiliated with the National Inter-Collegiate Christian Council and with the World Student Christian Federation. Its membership is open to all men and women students who seek to understand better the meaning of Christian fellowship.

The programs vary from the purely social to serious discussions of personal, social and international questions. Very often a guest speaker presents some timely topic to the group.

Le Cercle Francais is composed of majors and minors in French and of students who have previously studied French.

The bi-weekly meetings aim to give practice in hearing and speaking the French language and to develop an appreciation of French culture and customs.

The club's program includes lectures by guest speakers, French songs and games, student panels and the annual "French Day" in New York City.

The Men's Day Student Organization, ably led by Mr. Kurt Wimer, adviser, and capable officers, serves as a functional organization for men students who make their homes in or near Stroudsburg and East Stroudsburg. The group numbers well over fifty members.

Each year this group sponsors several social events, the high light of which is a Christmas party held at a nearby resort hotel.

The Women's Day Student Organization is housed in the comfortable and attractive day student rooms in the rear basement of Stroud Hall. The facilities of this organization are available to the students living in or near Stroudsburg or East Stroudsburg.

The advisers, Miss Wheatley and Miss Brown, aid the day students in planning and sponsoring their annual functions and their miscellaneous activities scheduled throughout the college year.

CHORUS

The Chorus is designed for students who receive enjoyment through the performance of vocal music.

The purposes include giving a wide range of experiences with many different styles of music including sacred, madrigal, folk, novelty and popular selections.

Programs include performances at commencement, local churches and service organizations, radio broadcasts, a Christmas program and a Spring Concert. Occasionally small groups are organized to sing for special occasions.

BAND

The college Band, composed of fifty-six members and directed by Dr. Donald Corson, helps to maintain the college spirit on campus. It appears at many college functions and is often called upon to participate in community affairs. Connected with the Band is the staff of majorettes who form the vanguard wherever the band appears. The activities of this college organization also include an annual Spring Concert.

Students in the Art Club, under the guidance of Dr. Madelon Powers, have the opportunity of working with paints, paper, metal and wood crafts, plastics and many other materials. Talent is discovered and utilized for personal enjoyment as well as for help on the campus. Members have the opportunity to hear guest speakers, visit art museums and participate in club social functions such as their annual picnic.

MASK AND ZANY

Mask and Zany, in collaboration with Alpha Psi Omega, produced two plays during the year. The fall production was "Petticoat Fever". Both plays and the club itself are under the advisership of Mr. Ralph Smith of the Speech Department. Mask and Zany meets twice a month to provide a program of interest to dramatic aspirants. Members must work a specified amount of time on productions.

Anyone interested in Math? The Euclidean Club gives you the opportunity to display your skill. Mr. May presents problems that challenge the intellect, and who can resist a challenge? We say that one can not equal two. Although this may be so, the club members have exciting moments trying to disprove it. Fact almost becomes fiction. There is magic in math and it can be fun!

For students seeking to be elementary teachers, the A.C.E. provides an opportunity to learn to guide and entertain children. An activity enjoyed by the club is that of collecting, repairing and distributing toys to the children of the community. Under the capable hand of Miss Winona Cary, the club is a useful and beneficial organization.

MAJORETTES

Left to Right: B. Geistweit, E. Radel, D. Hermann.

This colorful and talented group provides a sparkling complement to the college band and adds enjoyment to all of the football team's home games. Besides highlighting the campus activities, they add their attractiveness to town events in which the band participates. Their enthusiasm and ability provide snappy entertainment for the spectators at no matter what occasion. A hearty, commendatory hand of applause!

HEALTH EDUCATION CLUB

Membership in this organization is open to all students specializing in Health and Physical Education. A council, consisting of two people from each health education class, is chosen to represent the members. Under the supervision of Mr. Liljenstein, they plan the year's program, with the aim of promoting a fine professional spirit. The club sponsors the engagement of outstanding speakers, teams and clinics in the field of Health Education.

VARSITY "S" CLUB

Membership in Varsity "S" is a privilege open to those students who have earned the Varsity "S" in any one of all the sports. This club sponsors one of the main events of the spring calendar with the presentation of the annual Varsity "S" Minstrel. The purpose of Varsity "S" is to encourage outstanding sportsmanlike qualities in interscholastic contests, a goal toward which all our teams strive.

RECREATION COUNCIL

The Recreation Council, formerly the Co-Educational Activities Board, sponsors campus activities for men and women students. This year they sponsored the showing of colored slides; pinochle, bridge, canasta, checkers and chess tournaments; Music Hour; and a College Sing. Most of the activities were held in the recreation area of Shawnee Dormitory. The newest of the college councils made an excellent beginning in its first year.

THE 1954 STROUD

The STROUD Staff has spent the year trying to compile a book which will meet with the approval of both the students and the faculty. While the staff has had a great deal of work in completing the 1954 STROUD, they have also derived a great amount of pleasure in recalling and depicting their college years at ESSTC. They sincerely hope that the 1954 STROUD will be one of your treasured souvenirs.

NATURE CLUB

The Nature Club comprises students who are particularly interested in the secrets of the physical world. A diversified program is successfully conducted by the group. Diligent, energetic members hunt snakes and coons, post tree names and join in trips to museums and other places of natural science.

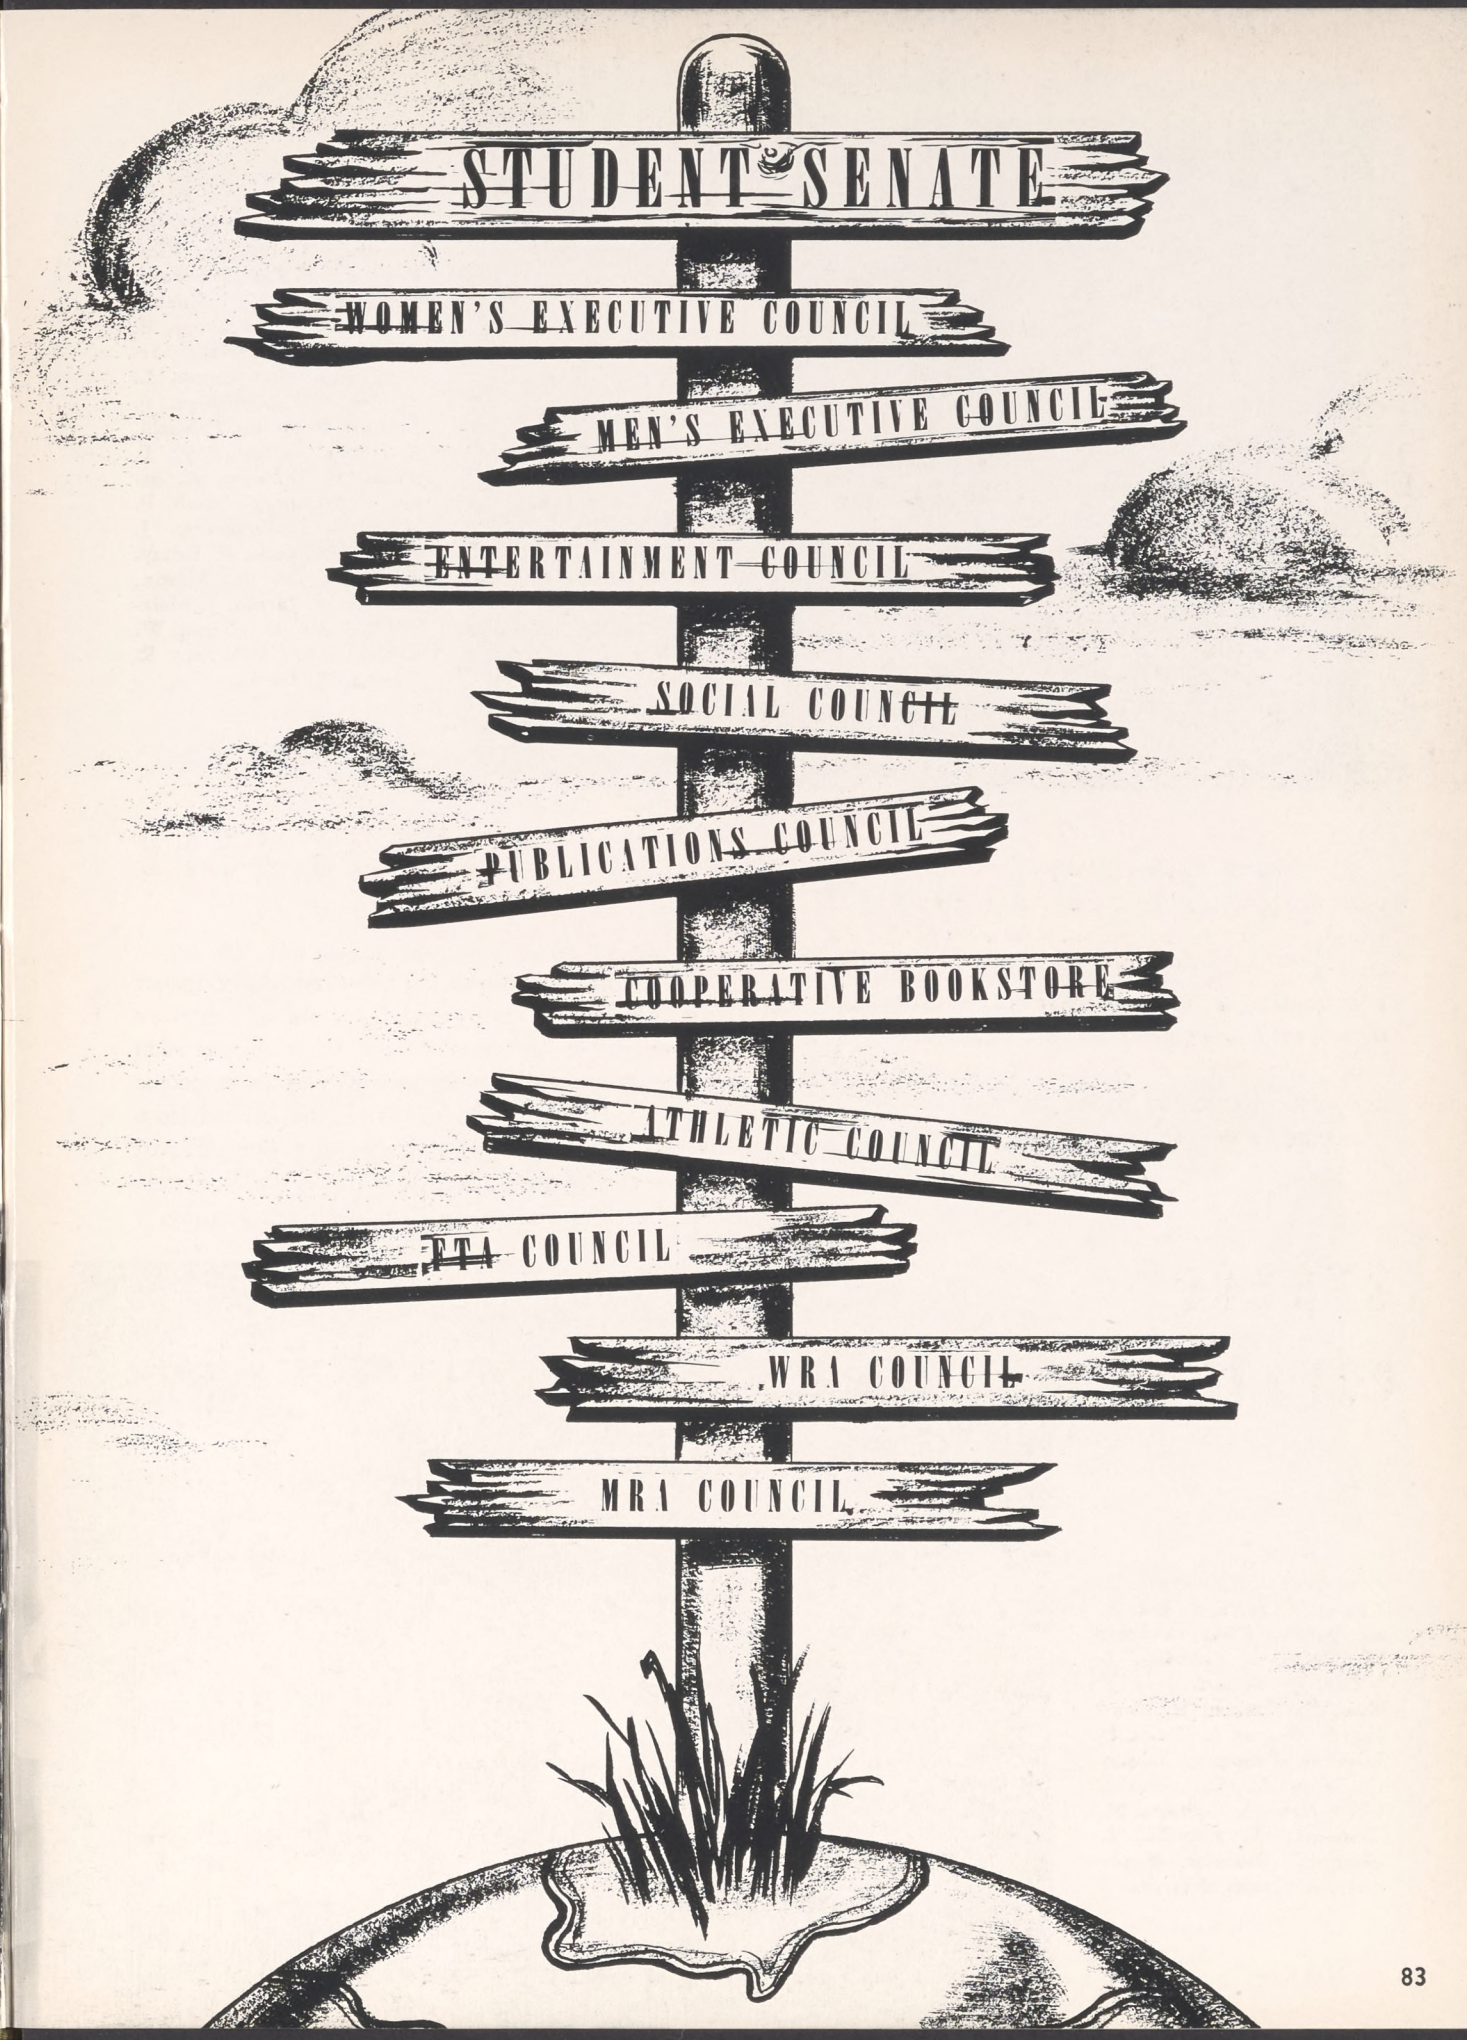

Speakers from various outside organizations, who deal with particular phases of outdoor life, are presented to the group.

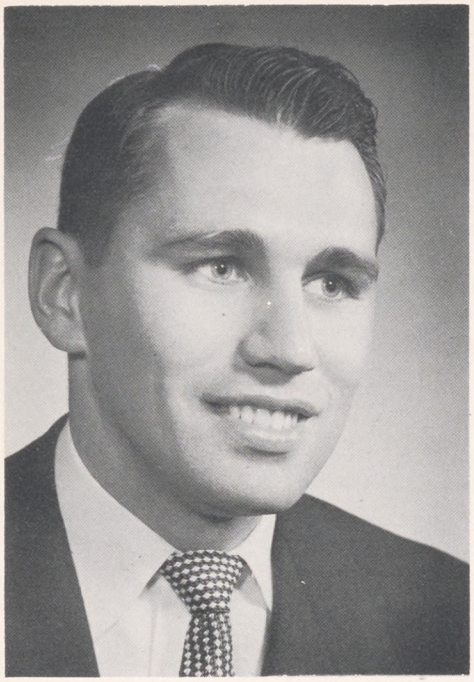

STROUD COURIER

The Stroud Courier is the campus newspaper published every three weeks by a staff of voluntary members. It does much to develop campus opinion on student problems. The Courier prepares people interested in the field of journalism for advisory work on a high school newspaper. For the past sixteen years the Stroud Courier has placed first in the Columbia Scholastic Press Association rating.

STUDENT SENATE

The Student Senate is the deliberating body of the congress of the college. It is composed of elected members from each class and a president elected from the student body at large.

The duties of the Senate are as follows: to allocate monies to the various councils and executive committees, to supervise and conduct elections, to review and audit the books of all student organizations. The Senate also proposes amendments to the constitution and, in general, regulates all college activities.

Women's Executive Council

The Women's Executive Council, consisting of representatives elected from the various halls of the women's dormitory and day students' group, is directly responsible for the satisfactory adjustment to campus life made by each woman student.

Its program usually includes four class teas, a chocholate fest, an installation banquet and parties for all women students.

Men's Executive Council

The Men's Executive Council, the governing body of the Men's Student Government Association, is composed of six representatives from the respective classes plus members from the day students and each of the men's dormitories. The council has as its purpose the supervision of freshman regulations, guidance programs and the men's social programs throughout the college year.

Entertainment Council

Thanks to the Entertainment Council our college year is checkered by such entertaining activities as concerts, dramatic presentations, lectures, Friday-night movies and holiday celebrations. This council expends its allotted budget for many worthwhile and enriching items on the college campus in order to provide an even greater amount of diversion for the students.

Social Council

Homecoming day! Christmas dance! Behind the glitter and gaiety of these and many other events stands the Social Council. This hardworking limb of our student government body has the responsibility of planning and carrying out the social activities not sponsored by any individual group. Social Council members can be depended upon to promote ESSTC social programs.

Publications Council

The Publications Council supervises all publications of the student body and conducts financial surveys relative to costs of publications that may be initiated by the student congress. This council edits the handbook for students, the annual Stroud Way, and must approve the staff of the Stroud yearbook.

Also, the general policies of the student newspaper are established by this council.

Cooperative Bookstore

Why the "cooperative" in conjunction with bookstore? Students purchase their books and supplies at cost. All profits are placed in a fund which the Bookstore Council controls. The council indicates the purpose for which this money is to be used. In the past this council has contributed to the decoration of the Dining Hall and the furnishing of the Recreation Lounge.

Athletic Council

The members of the Athletic Council represent all classes. This group allocates money for all athletic teams and approves nominees for varsity letters. The group also discusses other pertinent issues concerning the athletic program such as sports schedules and the needs of the athletic department. The council is indispensible to the smooth functioning of the athletic program.

F T A Council

The Executive Council of the F.T.A. is composed of four members of the faculty, the President of the local chapter, who is chosen by the council members, and three representatives elected from each curriculum by the members of the senior class. The function of the council is to familiarize chapter members with the function of Future Teachers of America, the National Education Association and the Pennsylvania State Education Association.

W R A Council

The Women's Recreation Association includes representatives from each curriculum and class. It serves to provide means of recreation for all women students at the college.

The association sponsors activities such as dances, bowling, card tournaments, hiking, knitting and the annual Pocono Manor weekend during the winter. This council allocates money for various social functions for the women students at the college.

M R A Council

The Men's Recreation Association, one of the newest bodies on campus, is composed of all men students in the college. A council composed of twelve members, one from each curriculum of the four classes, is the governing body in the organization. The council plans square dances and outings, and it organizes a bowling league, diverse tournaments and camping trips.

Sports

FOOTBALL

With the return of eighteen seasoned lettermen, Coach Gene Martin's Normal Hill Warriors were recognized as a pre-season powerhouse in the fast and up-and-coming State Teachers College Conference. However, that mid-season "Titan" of football, fumbles and penalties, subdued a fighting band of warriors, headed by one of the best all-around tackles to emerge from the Normal Hill campus, Captain Jack Morris. The Warriors ended the season with a respectful .500 record—3 wins against 3 losses.

Once again this year the boys with the "educated feet" anticipated a winning season. The team, with nine returning lettermen and an undefeated record to protect, started the season with three straight wins.

The only blemish on this year's record of four wins, one tie and one loss, was the annual clash between our Warriors and the Rams of West Chester.

Special tribute should be paid to two outstanding lettermen, Lee Hill and Al Shollenberger, both of whom suffered broken legs during the season of 1953.

HOCKEY

The Field Hockey eleven reached the undefeated standard set last year as they remained unbeaten in their regularly scheduled games. Their first game, with Ursinus, was a struggle, but our lassies managed to pass the test by battling to a three-three deadlock. The ensuing games easily fell in line under the winning column.

Following the Intercollegiate tournaments, Miss Griffith was honored by having six of her Warriorettes chosen to All-Collegiate teams. Those chosen were Doris Zerbey, Virginia Eisenbrey, Patricia Zimmerman, Grace Asberry, Beatrice McLaughlin and Margie Morrell.

WRESTLING

When the temperature drops to freezing and the blasts of wintry winds send the sports world under roof, those grunt and groan men of the wrestling world make an impressive debut. And so it is at Normal Hill. The popular and favorable reputation of the wrestling team increases with each season. The proteges of Coach Ockershausen are out to prove their worth in the field of the grappling grind.

Faced with one of the most trying schedules ever to be presented to a Normal Hill team and sporting an entire team of underclassmen, such stalwarts as Kenny Cox, Jim Revello, Jerry Rushin, and Jerry Sorensen rose to meet the challenge and presented their Alma Mater with a formidable record.

Meets were with Millersville STC, Lock Haven STC, Swarthmore, Wilkes College, West Chester STC, Ithaca College, and Brooklyn Polytechnic Institute.

After several months of intensive practice, the '53 gymnastic team put a show on the road that would hold its own beside any college gymnastic show. The program consisted of precision freehand wand and Indian club drills, expert tumbling, perfected parallel bar routines, breath-taking vaults and rhythmic dances.

Claire Schaeffer and Andy Levendis added the laughs to the demonstration with their hilarious clown acts. The performance was highlighted by the specialty acts of outstanding participants.

This show went on tour in early February, visiting New Jersey, eastern Pennsylvania and southern New York.

Oscar J. Liljenstein, Head Coach of the ESSTC Gym Team.

GYMNASTICS

WOMEN'S BASKETBALL

"Easy all the way and go with the ball" is the new feature of the Warriorettes skillful play. This feature increases their skill in shooting foul shots and field goals with much more accuracy.

The ESSTC lassies opened their season by defeating Misericordia 46-38 and followed that by handing Cheyney a 58-36 decision.

With the strongest teams yet to come, the Zimbarettes are hoping to sport an outstanding record as the season ends.

The services of Co-Captain Grace AsBerry, who has played outstanding ball here at ESSTC for the past four years, will be greatly missed by Coach Zimbar. Shirley Yeagle, another veteran of the court, shares co-captain honors with AsBerry.

MEN'S BASKETBALL

The '54 cagers had a hard time finding themselves this season. Coach Denis just couldn't find a winning combination in his many talented candidates. The Warriors took several scalpings before their chief finally found a winning combination: Ray Kaseman and George Heidenreich as guards, Wilmot Smith and Nick Gatto as forwards, and John Sloan as center.

Once on their feet, the Warriors went on to make themselves noticed in their league. They avenged the long streak of defeats by massacring the Wilkes Colonels when the Colonels ventured into East Stroudsburg territory. The Mountain Redskins continued their drive of revenge by victoriously emerging from the Kutztown battle, which was fought on Warrior ground. After the East Stroudsburg tribe had regained its homeland, it scanned the river beds and plains in search of new conquests.

The teepees of the Junior Varsity war party may not be covered with scalps this winter, but there are many tales of the courage and skill of these braves to be told around the campfires during the summer months. Furthermore, there are many skilled and experienced braves ready to fill the empty positions to be found in next winter's Varsity raiding party.

J.V. BASKETBALL

ARCHERY

An important part of our annual spring sports program has been the Archery team, coached by Miss Katherine Griffith. Anyone with a sincere interest is welcome to join this team that has recently traveled to West Chester and Temple for competitive matches.

Archery, sponsored by the Health and Physical Education Club, is not regarded as a varsity sport. It will, however, possess such a standing within a few years as a result of the growing enthusiasm on the part of the students.

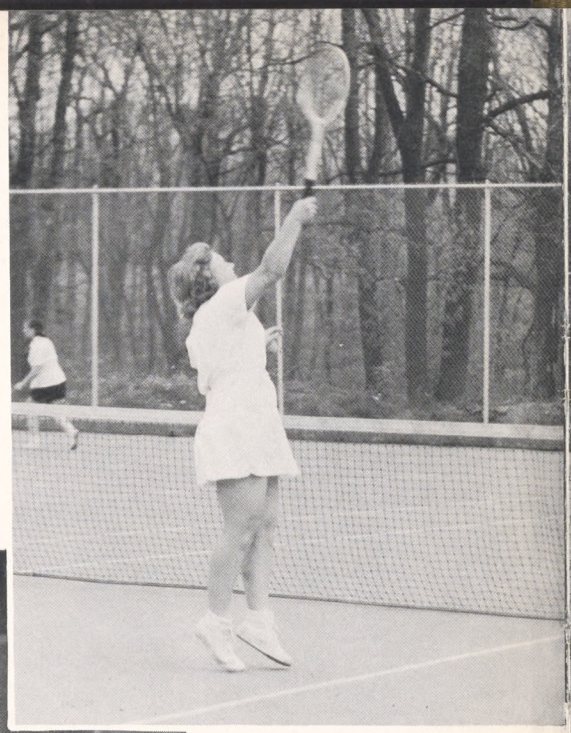

First row, left to right: L. Kist, A. Kocher, J. Rauch, M. Lipton, J. Luckenbill. *Second row:* J. Smith, G. Clark, S. Benners, L. Van Dyke, M. Stoudt, Miss Griffith, *Coach.*

TENNIS

The Warriorettes, under the guidance of Coach Mary Whitenight, proved to be too overwhelming against their opponents. The tennis lassies boasted a marvelous record of five matches with 5-0 victories. The lassies will well remember the day of sweeping off the rain-soaked courts with brooms to make way for a victory against Temple. Ursinus, Drexel and New York University fell under the powerful weapon of the "rackets" and ESSTC emerged with three more victories. The season was climaxed with a victorious engagement against the Alumni to show who held the crown of the net — the mighty ESSTC seven who had battled to achieve an undefeated season.

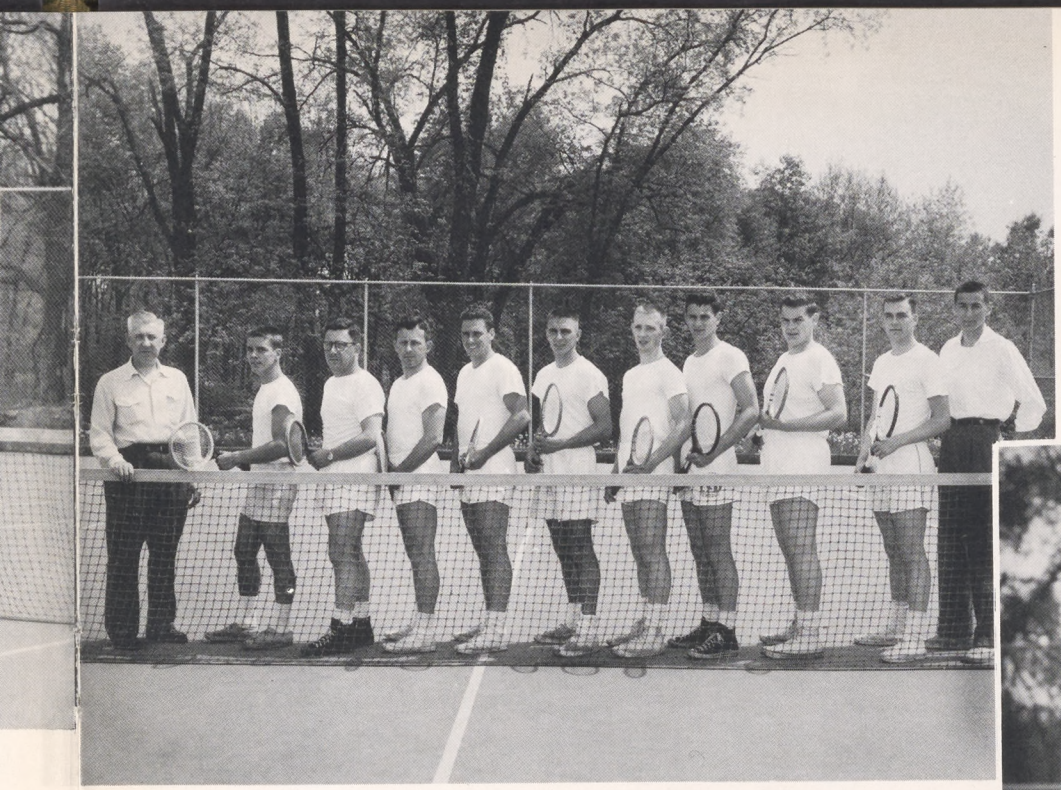

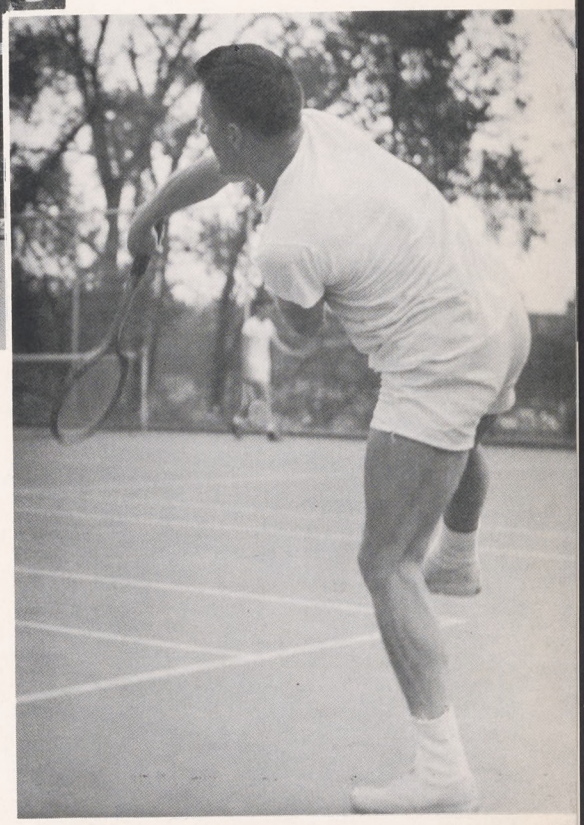

First row, left to right: **M. J. Zimmerman, E. Moyer, M. Martin, M. LoPrete, N. Noll, J. Hecht, Miss Whitenight,** ***Coach. Second row:*** **M. Dautrich, E. Michner, E. Hardenbergh, M. McAndrew, A. Bobersky,** ***Manager.***

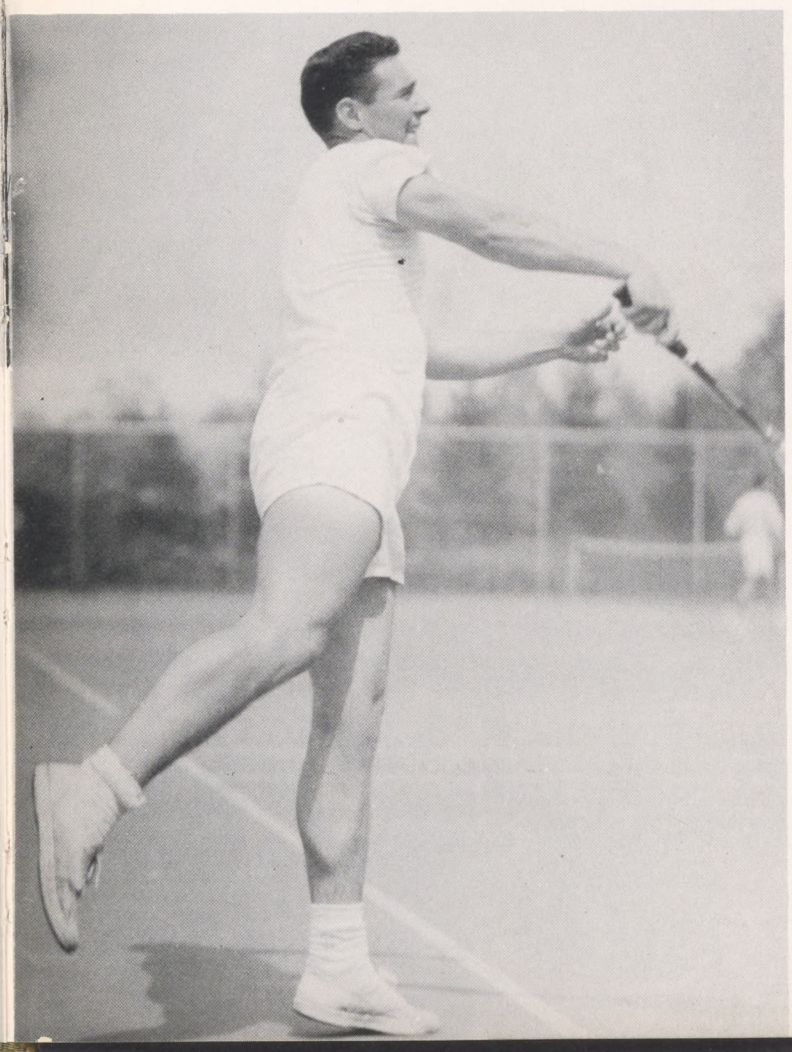

WOMEN'S

Standing, left to right: Mr. Grimm, *Coach,* W. Maioriello, C. Lutz, D. Toth, C. Deffinbaugh, J. Maioriello, R. Durkin, C. Leatherman, R. McDonough, A. Black, G. Hovanec.

MEN'S

Plagued by the loss of most of last year's stellar squad and anchored only by the return of Captain Joe Maioriello, Coach J. Frank Grimm faced a major rebuilding job to gear his squad to the calibre of intercollegiate play and a rugged ten-game schedule.

Dick McDonough, Tony Black and Bob Durkin, challenging yearlings from last year's squad, served as a mainstay for this year's team.

Newcomers who broke the ranks of the squad included Don Toth, Craig Leatherman, Bill Maioriello, Carlton Lutz and Carson Deffinbaugh.

The Warriors, battling against "old man experience" all the way, concluded the season with a 6-2 record.

Seated, left to right: R. Bellows, R. Hartman, L. Woodling, J. Passaro, L. Wescoe. *Second row:* D. Bachtell, T. Foley, N. Antoine, H. Hutchins, R. Mellman, W. Frear, W. Shires, J. Zawatsky. *Third row:* R. Hess, *Manager,* A. Schaare, C. Shaw, W. Herring, H. Sisco, L. Krall, H. Steever, Mr. Ockershausen, *Coach.*

BASEBALL

The 1953 Warriors opened their season with an 11-7 loss to Panzer with Lyle Krall hitting a four-hundred-foot homer. After a defeat from Rider, the club came back with a win over Panzer behind Bob Mellman's three-hit ball. St. Peter's handed the Stroud boys their third loss by a 6-0 score. Then once more the Black and Red triumphed over Trenton. The club closed its season with a win over Kutztown, 8-7.

41

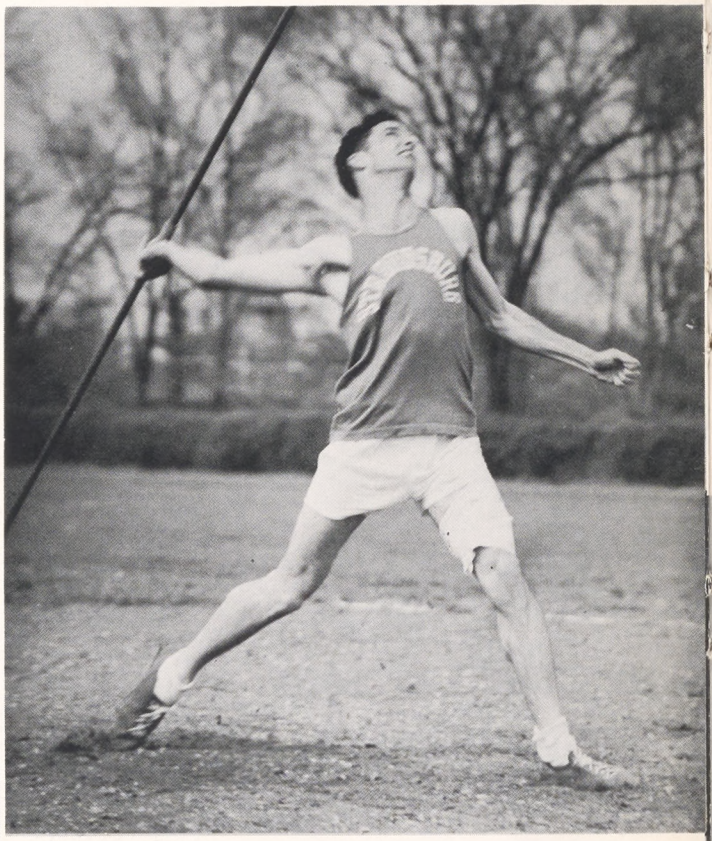

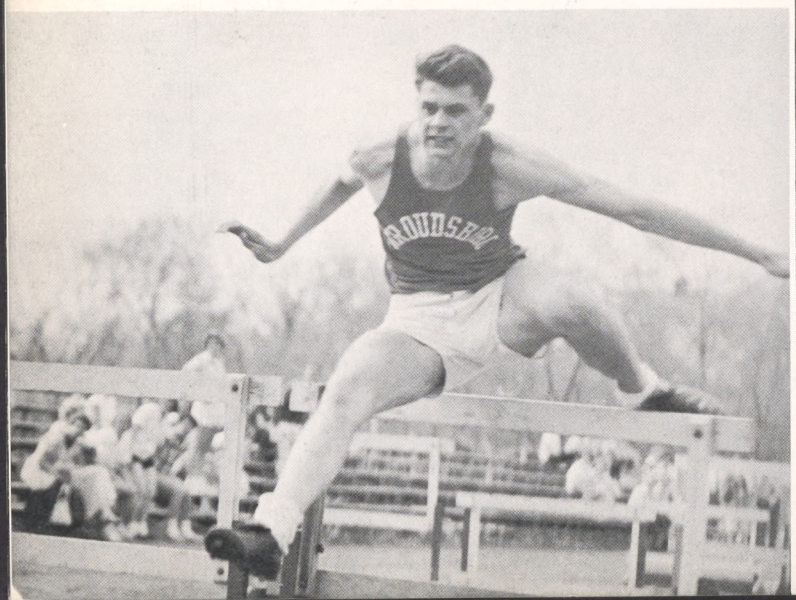

First row, left to right: A. Nuss, W. Schaeffer, D. Lewis, W. Morgan, J. Revello, K. Cox, D. Donavon, J. Rushin, K. Schnure. *Second row:* R. Gilbert, M. Griffis, W. Wiser, W. Mathews, W. Hibbs, J. Parks, R. Ashner, L. Hill, A. Levendis, V. Gilbert, J. Deibler. *Third row:* P. Devers, R. Schell, E. Murray, F. Warren, J. Fisher, J. Rhen, D. Lutz, L. Judy, T. Roberts, R. Neilson, L. Brubaker, R. Brown, T. Stephenson, R. Northrup, Mr. DeNike, *Coach.*

TRACK AND FIELD

Facing a major rebuilding program because of graduation, a band of determined cindermen, under the tutelage of Coach DeNike, fought against overwhelming odds and valiantly attempted to fill the shoes of their spiked predecessors.

Bowing to West Chester, 99-27, the Warriors were next victimized by Scranton University, 71-54. Rising to the occasion, the Warriors ran roughshod over Ithaca College, 83-43. Finally a power-laden Montclair team shut the door on the Warriors, 89-37.

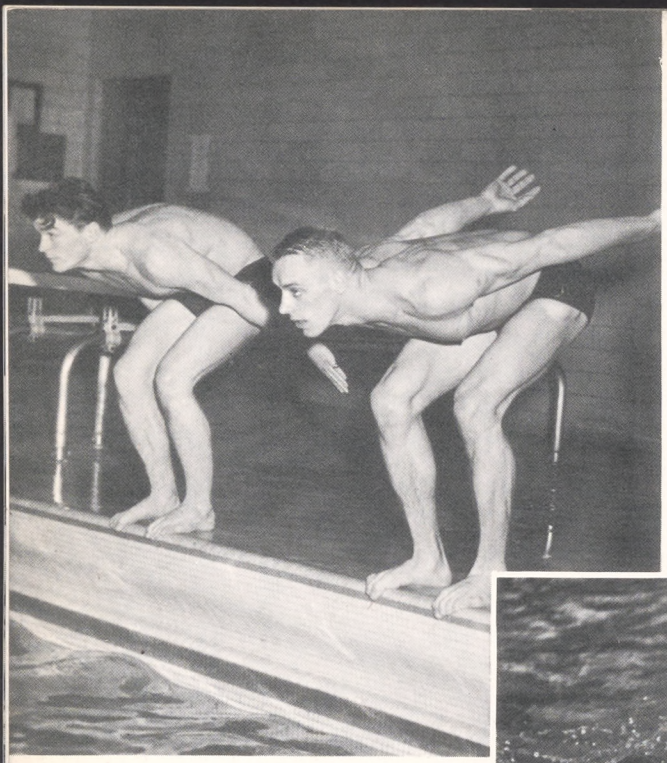

CHEERLEADERS

ESSTC is justifiably proud of its cheerleaders, replete with new members, new uniforms, and new cheers. The Indian war cries that might have startled some students were merely utterances of a newly-invented cheer. The morale of the fighting Warriors and of the entire student body has been raised a few notches nearer to a wholehearted college spirit by this energetic, vivacious group of girls.

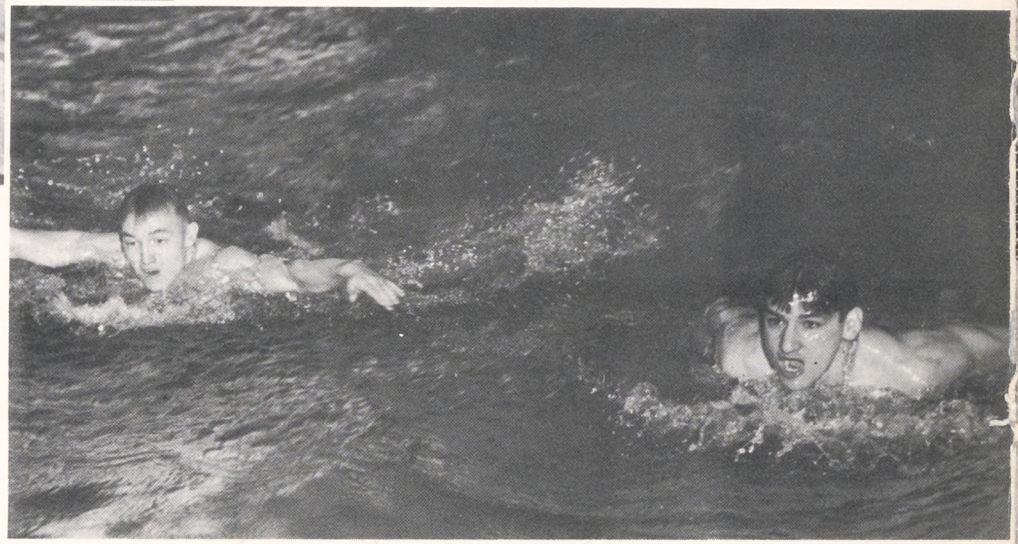

First row, left to right: J. Sabatini, P. Cottrell, J. Haehnlen, M. Lipton. *Second row:* M. Ispecky, C. Smith, S. Fees, M. Di Pietro.

SWIMMING

"Revenge is sweeter far than flowing honey" is the way Homer put it, and Coach J. Frank Grimm's splashing mermen brought the famous quotation to reality as they won their initial swimming encounter against a highly regarded team from West Chester.

The team, consisting of a group of inspired underclassmen and reliable veterans, is bent on putting ESSTC's name on the map of the sports world with their swimming tactics.

First Row, left to right: **Coach Grimm, F. Krystinack, W. Peiffer, T. Foley, D. Toth, B. Conrad, J. Trackenberg, J. Saylor.** ***Second Row:*** **K. Mahle, C. Rohland, J. Blachak, R. Folmer, D. Persons, W. Sherick, C. Wolfgang,** ***Manager.***

JACK MORRIS

Playing for one of the smaller colleges in the state and bucking big time football, Captain Jack Morris again proved his football versatility by being selected to All-Pennsylvania honors.

A field general both on offense and defense, Morris alternates from middle guard to both right and left tackle. Many an opponent has found the bruising 6'3", 230-pound tackle to be a rather permanent obstacle in his ground-gaining aspirations. His explosive charge, which was the keynote to his devastating success, found him sprawling opposing backfield men behind the line of scrimmage.

Although the military service may have Jack's immediate future cut out for him, a few pro teams have made his post-service days look rather rosy. We'll all be rooting for him!

E.S.S.T.C. HITS

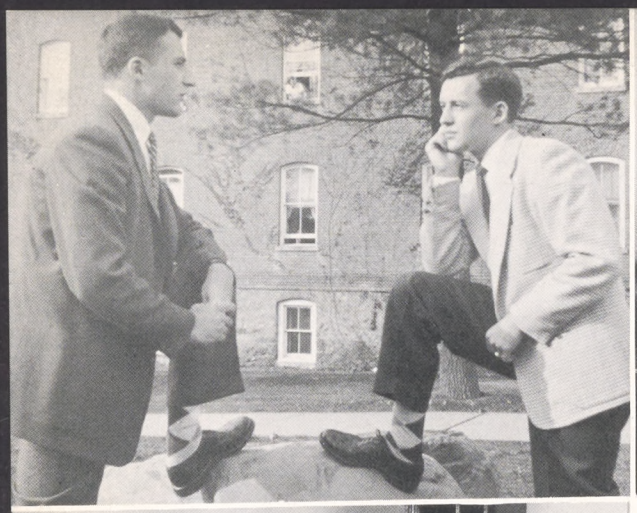

THE "BIG TIME"

FRED GAHRES

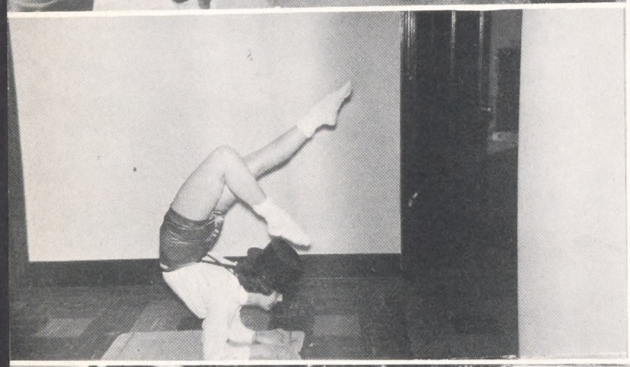

They tell us that soccer, unlike most sports, places no premium upon height and weight. It is one of the few sports in which the small player has a chance to meet tall and heavy opponents on equal footing, since the premium is placed upon skill. Fred Gahres, ESSTC's contribution to the first team of the ALL-AMERICAN squad, confirmed this statement without a doubt.

Gahres, who stands only 5'8" and weighs 170 pounds, explodes from the left-halfback slot with a tremendous amount of soccer knowhow. He is undoubtedly one of the most competitive soccer men ever to wear the Red and Black.

Our hats are off to Gahres, who for the first time in the history of the college, brought All-American honors to the institution.
