Dear Paul, Good luck on the Sugg-
enheimer. Having also applied I
wanted to tell them that as far as
I knew you had modelled some nice
dog turds for novelty houses. But I
suppressed my competitiveness and wrote
a blaying recommendation going so far
as to mention that you looked a little
like Maholy-Nagy. Where shall we go on
all that green? Or should we be good citizens
and give it to some worthy cause like Art
News magazine. Love to you & both from Phyllis
and me. D.
