

FROM THE LABORATORY OF
T. A. EDISON.
MENLO PARK, N. J.
U. S. A.

July 31, 79

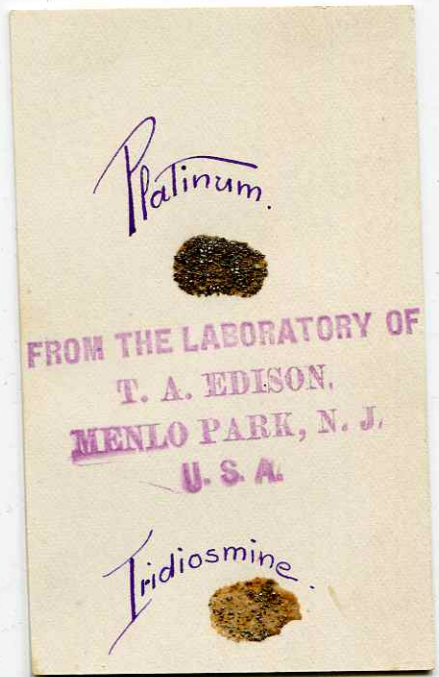

C. M. Juckett Esq
Sharon Conn

Dear Sir,

Your favor of the 14th and
sample duly rec'd. I found
some copper but no platinum
in the ore you sent.

I send you a card that you
may know what platinum
is. It is so scarce that in
the best deposits in California
only a teaspoonful of platinum
can be procured in a ton of
sand or earth.

Very Truly
T. A. Edison
e
