

Tell Us About Your House!!

For 30 years Glendale Heritage Preservation has kept records on many of the historic homes in Glendale. Research in the 1970's on 59 pivotal structures lead directly to recognition of the Glendale Historic District by the National Park Service. Now GHP would like to expand its archives to include information about all the homes in Glendale.

Please tell us as much as you can about the history of your house so we can preserve this information for future generations. In 100 years, even a new house today will be historic.

built in 1927 an addition was added in the 70's. we've been working on remodeling inside + hope to continue w/ the outside this summer.

- Do you have pictures of your house or occupants that you would give to us or let us copy?

no

- Do you have any maps, drawings, or records about the history of your house?

no

- What interesting events have happened at your house? Is there a link with other Glendale residents or organizations?

We don't really know much about the house. We did get engaged in the family room and the house will always be special to us b/c it's been our project since we were just dating. Our relationship has grown by working together on this, deciding colors, learning how to fix leaky roofs, etc. It's a fun project that we're both very proud of. And believe it or not, the house has also led to some fights.
