Landscape Consultant.

PLANT LIST for COURT HOUSE PARK PROJECT.

Note: All plants to be selected by Mrs. Hootbray-Clarke and moved only at the proper time. The idea is to create a small but very interesting arboretum for reference and so any unusual species not listed may be suggested by any Nurseryman who has stock that may be seen, and may be substituted if of similar habit of growth.

Also wanted about 300 edging plants of certain hardiness but box unless longifolia. Must be of type that will stand being kept at about 1' high.

The requirements of the project are that beds must be kept in, but a tentative selection first would make this simpler.
