Williamsburg

Flowers in triple handles - rules of [illegible] & days.
flowers shown after pulling for perfume.
from pamphlet of Netherlands-Am. Society
Only Garden Club in Holland is the very active
"Royal Soc. for Horticult. & Botany" to which all the
nursery & many private gardens belong."
The Dutch were surprised to hear of a "Dutch garden"
having reached England in such a late
the 18th. C.
Sailing on River Vecht - clipped with bushes
of color. Dahlias & moats & pools
Windbreaks. Blue & yellow beds.
Weldam most astonishing examples of clipped work.
Castle Rijendaal is a whole commune in itself. Its
ruby walls cannot be skirted by a man on a bicycle
in less than a day.
Castle Twickel - near German border.
Castle Aldenallen near Putten. Van Rensselaer
came from this estate.
And Emerging - veritable Garden Museum.

Twickel is by Bentfield & very fine. Spacious work.

Rozendaal called "Versailles of Holland" ~1000 hectares. Several of Old Waterworks remain! Fine stone work.

Fine gardens along Rivers Vecht & Amstel. Near Oudenkerk is an estate called Oosterweer. Plans of 1722 carried out by Zesterg.

Leyden Bot. Garden. Public garden at Zeist is a delightful place designed by Copijn. Here is a rock garden. (Shrubberies Vol III, Statice armeria, minimulus asperus.
