The following is a list of the names of the persons who have been appointed to the various committees of the Board of Directors of the University of California, for the year 1900-1901. The names are given in alphabetical order of the last name.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

There is a small, dark, rectangular object, possibly a piece of wood or metal, lying on the ground. It is positioned horizontally and appears to be a component of a larger structure, possibly a door or a window frame. The object is dark in color, possibly black or dark brown, and has a rough, textured surface. It is located in the lower right quadrant of the image, near the bottom edge. The background is a light, sandy or dusty ground, and there are some faint, dark lines or markings on the surface, possibly indicating a path or a boundary. The overall scene is somewhat desolate and appears to be an outdoor setting, possibly a construction site or a place of interest for investigation.
