***DRIVER EDUCATION: $\frac{1}{2}$ unit credit, may be taken either 1st or 2nd Semester of the Sophomore Year.

Note: All Seniors who need a second unit in Math should schedule Refresher Math.

The curriculum for Central High School will offer four possible programs toward a diploma. All students do not need to take the same program or course of study because of their talents, interests, abilities, backgrounds and future plans are different. Therefore, students and their parents are asked to study the student's special talents, particular interests, scholastic ability, and choice of vocation---all as a base for choosing his or her course of study through high school.

Teachers too are interested in helping students and parents make wise choices of courses. So, it is hoped that students will contact their teachers for help in deciding whether certain programs or subjects are suitable for them. A faculty counselor will be expected to approve the student's program of work each year.

Within limitations, it will be possible for a student to elect courses from different programs. Likewise, within limitations, it will be possible to change from one program to another. However, it is especially important that the student who plans to attend college, choose the courses that will prepare the student for the college of his or her choice. A wise choice of courses now will prevent trouble later.

Students with A and B averages at all grade levels are urged to carry five subjects.

REMARKS: Students that want to work on the
Annual Next year.

CURRICULUM GUIDE--CENTRAL HIGH SCHOOL--1959-1960

Twelve academic units as listed below will be required of all students in Central High School. In addition to these, all students will be automatically required to take part in physical education experiences throughout the four years.

English - - - -	4 units
Mathematics - -	2 units
Social Studies-	3 units
Science - - - -	2 units
Health - - - -	-1 unit
TOTAL	12 units

This basic requirement leaves as electives six additional units to be completed before graduation. These electives will make the primary difference in the four possible programs toward a diploma.

This total of eighteen units is outlined below in the four suggested programs of study for Central High School:

1. GENERAL

English - - - - -	4 units
Science - - - - -	2 units
Mathematics - - - -	2 units
Health - - - - -	-1 unit
Social Studies- - -	3 units
Home Economics-Girls-	1 unit
Electives:	
Girls - - -	5 units
Boys -- -	<u>6 units</u>
Total --	18 units

2. COLLEGE PREPARATORY

English - - - - -	4 units
Science - - - - -	3 units
Mathematics - - - -	3 units
Health - - - - -	-1 unit
Social Studies - - -	-3 units
Home Economics-Girls	-1 unit
Foreign Language - -	-2 units
Electives-----Girls	-1 unit
Boys - - -	<u>-2 units</u>
Total--	18 units

3. COMMERCIAL

English - - - - -	4 units
Science - - - - -	2 units
Mathematics - - - -	2 units
Health - - - - -	1 unit
Social Studies - - -	2 units
Home Economics-Girls-	1 unit
Commercial Electives:	
Girls - - -	5 units
Boys - - -	<u>6 units</u>
Total ---	18 units

4. VOCATIONAL

English - - - - -	4 units
Science - - - - -	2 units
Mathematics - - - -	2 units
Health - - - - -	1 unit
Social Studies - - -	-3 units
Vocational - - - - -	-6 units
Total----	18 units

3. COMMERCIAL COURSES include Typing, Bookkeeping, Shorthand, Office Practice, Business Machines and such courses as they can be added.

4. VOCATIONAL COURSES: for girls mean Home Economics primarily.
for boys mean Agriculture with a requirement of home projects, or Vocational Shop.

DRIVER EDUCATION will be offered to students who meet the age requirements of the State Department of Public Safety for obtaining a learner's permit or driver's license. Preference will be given to those who do not have a license. The course will be for one semester and will carry one-half unit credit. Therefore, students may enroll in this course in addition to their regular academic load.

At the ninth grade level the course listed as Math is planned for those students who have had difficulty with arithmetic in the elementary grades. Students should consult their teachers to find out if they need further study on basic math before they take Algebra.

Each student, along with his parents and teachers, is asked to make a plan of courses for the rest of his or her high school career. Parents are expected to sign the plan sheet. It should be approved by a faculty advisor. The plan sheet will be for further reference and use as the student progresses, toward graduation. Each year it will be returned to the student and his or her parents for necessary revisions. At the same time a teacher counselor will approve the year's plan.
