**CENTRAL HIGH SCHOOL PRE-REGISTRATION 1979-80
INSTRUCTIONS AND INFORMATION**

Students will register once for the entire school year. They will register for six class sequences in which they will remain for the entire year (unless individual changes are necessary). One class number precedes a three quarter sequence of class titles. The student should put the class number of his first choice on the line in the first column. The class titles for each of the three quarters should follow on the next three lines. In the column under "Alternate...Number Only," the student should put the class number of his second choice. No class titles will be listed for second choices, only class numbers. The student should ask a teacher in the appropriate subject area to sign the final column indicating approval of the class choices listed. The student's advisor and parent or guardian should sign the appropriate lines at the bottom of the page.
