

HOT

SCOOP

August, 1989

Vol I Number 8

Message from the Director
Barney Barnier

I would like to start with a reminder that the Quarterly meeting is this Friday, August 4th, 1989, and that I would like to see as many of you there as possible. Judy Leitner from MTDB will be our featured speaker. The facilities dept. meeting normally scheduled for the first friday will be on Aug. 11. The main topic of discussion will be the new display building. There will also be planning for a paint job on the depot starting on Aug 12th. This will be a group effort, led by the restoration department, with help from everybody. Norm says we'll do it like an old fashioned barn raising, with food and refreshments in the evening. And a coat of paint will sure not hurt the old depot! See the article by Bobbie further along in this issue for more details.

For you operating crews, don't forget the rules and safety tests.

HELP WANTED

LET'S PAINT THE CAMPO DEPOT !!!!!!!!!

By Bobbie Ringersma
Office Manager

HOW PROUD WE'LL BE OF OUR FACILITY! The parking lot at Campo has been graded, filled and will be oiled on August 14th. Now is a perfect time to get the Depot painted with the weather being warm and ridership down. As you all know the Campo Depot is in desperate need of a good paint job as well as some landscaping. On August 5th (after the public leaves) the depot will be washed with a high power hose then scaffolding will be set up. On August 12th we will scrape and paint the depot.

We need at least 15 volunteers to accomplish this project on August 12th. As always there is a breeze that kicks up in the afternoon so it won't be unbearably hot. If you are interested in helping please give Bobbie a call at 233-7908 between 10:00 am and 4:00 pm or Norm Hill at 442-6922 eves. By the way there will be a BBQ following the days work.

Time Cards

The time card program is still in the experimental phase. Currently Steve Oualline and Barney Barnier are working with the rest of the staff to produce the official list of San Diego Railroad Museum projects. A special thanks to all of you who have turned in time cards. The totals, to date are:

Jacumba Trips.

The museum will be making two trips to Jacumba on Sept. 30 and Oct 7. The last trip sold out fast, so order early. The price is \$50 till Sept 1, and \$60 after. Members who order before Sept. 1 get a \$10 savings on the \$50 price.

People wishing to be crew or trainman on these trips should contact: David DiGorgio.

I love a parade

The rollout date for the parade float is still not set. For information on how you can get involved, contact Scott Thompson @ 444-6121. He needs help.

Hot Scoop Submissions

Anyone can submit an article for the Hot Scoop. Almost any subject is allowed, but I am mainly looking for things dealing with work being done anywhere for the museum.

Submissions may be on paper, or IBM floppy. Send your articles to the editor: Steve Oualline. The address is on the cover of this newsletter.

Getting the Hot Scoop

To get on the Hot Scoop list, call or write Bobbie at the museum office.

Getting into training!!!

by Dick Ruppert, Director of Volunteer Training

Classes.

Steam Team, third Saturday each month 9:30 crew lounge. Campo. Still time to join this informative course and help restore our historic steam locomotives and learn to run them. \$6.00.

Brakeman course. Two sessions required, September 23 and October 14. 9:30 crew lounge in Campo. \$15.00 covers all training materials.

Diesel engineer class, first Saturday each month. 9:30 Campo. For now, this class, a training train, is only for engineer trainees already in the pipeline. (You already know who you are.) Space for senior brakemen should be available in late 1989. Watch the Hot Scoop for information in the Fall.

Steam cab crew, major long weekends. Open to Steam Team members.

Help Wanted

I could use some help from experienced museum members in a number of areas. If you can help with any of the following, please give me a call: Dick Ruppert, (619)-459-2573.

Volunteer Orientation, Campo. Four or five people are needed to take one Saturday a month and be available to orient newcomers and help them get off to a good start with projects they'll like.

Volunteer Handbook. Another person is needed to help create an orientation handbook for new museum volunteers.

New member orientation. A couple of people are needed to work up a show and tell, punch and cookies program, given every month or so in town, to help new members find ways to get involved in their museum.

Operations orientation instruction. One or two people are needed to guide newcomers through basic fire control techniques and the SP Safety book so they can get started on speeder crew. Class to be given regularly once a month.

Carpool coordinators. We need four or five people to agree to meet someplace (La Mesa Depot?) one Saturday a month to organize a rideshare program out to Campo.

The number for Dick Ruppert: (619)-459-2573.

Volunteer of the Month

Albert S. Keevil RCE 13578. Al is our Civil Engineer and comes to Campo both on weekends and during the week to work for the museum. He has been instrumental in our grading work and making sure we are within our property lines. Thanks again, Al.
