Volume III Number 2

Message from the Director

Barney Barnier

January's track party exceeded my expectations for the amount of work completed, and I really want to thank all the volunteers who took the time to come to Campo and help. It was a tremendous effort, and the track looks great! In fact, I am so please with the response, I would like to try it again on February 12. With your help, we can tie this track into the yard in a single day, because you have already done most of the hard work.

For the operations department: Staff is now in the process of formulating a standard uniform for the train crews. If YOU want some input into this process, talk to Mike Reneau, the Superintendent of Operations, and he will bring your voice to the staff.

Once again, we have had a piece of equipment damaged because someone didn't understand it. If you have not been checked out on the particular piece of equipment, PLEASE do NOT attempt to start or use it. We cannot afford to throw away time and money to repair or in some cases even replace damaged equipment. GET HELP from a qualified individual, or see your superintendent for instructions.

Sadly, I must report that we have lost our lease on the library, and must move out at the end of February. We are leaving no stone unturned to find and move to a new space. We are committed to do whatever it takes to keep our library functioning.

Railfair Anyone?

Jim Baker

I'm driving my motor home to Sacramento, and can take up to 3 people with me to share expenses. Leave San Diego on May 4, return on May 12. Call Jim Baker, 670-7441, evenings.

Thank You !!!!!

Bobbie Ringersma

A very special thank you to the following volunteers that came out to Campo on January 12th and bent their backs to the track laying project. Looking forward to seeing you again on February 9th. Lunch will be provided. Please call the office at 291-9220 if you are available to help.

The Safety Corner

Lew Wolfgang, Safety Officer

This is the first of what I hope to be a continuing series of safety notes to appear in the Hotscoop. The charter of the Safety Corner is to promulgate safety information pertaining to the Museum's operation in general, with emphasis being placed on our operations in Campo.

If anyone has any safety related concerns, comments or observations to discuss, please contact me at 428-0691 evenings or 553-3106 days. I would be more than happy to hear from you.

This Month's Subject Cab Rides

This month's safety note concerns the Museum's policy on locomotive cab rides. Due to the limited space available in many of our locomotives, access during operations must be controlled. Cab riders are at risk from narrow elevated catwalks and the train itself is at risk when crew members are distracted during movements.

Due to the very special nature of this privilege, access must be limited to only those individuals who have some tie with the Museum. For example, members of the general public would not qualify, but someone who is being rewarded for service to the Museum might be acceptable. In general, anyone who asks for a ride does not qualify; it must be offered instead.

Care must also be exercised when talking about cab rides if the general public might overhear the conversation. This could lead to me-too-ism and then disappointment when turned down. If you are asked about cab rides, they should be told about the Museum's rules and safety concerns. The advantages of Museum membership could also be discussed at this time with an eye to expanding the membership base.

The guidelines are as follows:

- o No more than four people in cab, including crew.
- o No children under twelve years of age.
- o Approval by Superintendent-on-duty, Conductor and Engineer.
Each must give their approval.

It is expected that these guidelines will be codified into a General Order in the near future.

VOLUNTEER OF THE MONTH -

This month the big finger points to ROY PICKERING our Director of Libraries. Roy has labored forever in the interests of our Museum, and with very little recognition for his efforts. Thanks Roy, for a super job. We are all pulling for a new library space soon.
