R.H.S. of S.D., Inc. - Newsletter Number Two - PAGE ONE - February Issue - 1961

FEBRUARY MEETING NOTICE

The regular meeting of the RHO of SD will be on the first Monday of the month of February.....MONDAY, FEBRUARY 6th, 1961 - 8:00 P.M.

The meeting will be held in the Safety Room, upstairs in the Santa Fe Ry. station, Kettner & Broadway, San Diego.

BUSINESS: Board of Directors meeting, prior to the regular meeting.

BUSINESS, Regular Meetings: Election of Board of Directors members for 1961. There are two vacancies on the board. (Article V, Sec. 1., two directors at large elected at January meeting, each to serve two year term staggered. Board of Directors meetings are open to all Society members but only Board members may vote.) (Sec. 4., A member of the Board of Directors by reason of continued absence from meetings without adequate excuse shall forfeit his membership and the matter shall be referred to the membership.).....Committee report on museum progress....regular reports from officers.....prize raffle.

PROGRAM: Tallylyn Railway movies (not available for the installation dinner) (If these films are not again available, suitable substitute will be shown)

REMEMBER.....MONDAY, FEBRUARY 6th, 1961....next RHO of SD meeting.

Note: With regards to the filling of two Directors positions, members must be in the Society for a minimum of six months.

JANUARY INSTALLATION OF OFFICERS: Sixty!!! Members and guest attended the dinner and installation of officers at the Midway Chuck Wagon restaurant in the Fireside Room. The AT&SF, U.P., S.D.&A.E., S.P. and S.D. Transit System were well represented by Mr. McCarthy, Mr. Eichenlaub, Mr. Keller, Mr. Helmick and Jim Reading, Jr. (not listed in order)

Dick Dodge presented some slides and witty comments on his recent trip to the far side of the Atlantic....only trouble, all slides were strictly of scenery and buildings....NO TRAINS. Dick will have to show us the railroad and trolley slides at some future meeting. (lack of RR slides was not his fault, it was assumed the ladies in the group would prefer less railroading for a change.)

Following the Dodge show, slides of the Tallylyn Railway were shown with tape recorded narration....movies were originally scheduled but did not arrive in time, thanks to Mr. Clarence Bruce, American Agent of the Tallylyn Railway Preservation Society for the tapes and slides. (note: the movies are planned for the February meeting, we hope.)

Our apology for the lack of proper organization at the meeting, due to the holidays and time slipping by, the dinner was not the best organized affair the society has put on. We will attempt to put on a better, smoother run show next time. Troubles were not due to anyone in particular, just one of those things that happens, members in charge of putting on the dinner all did a good job but the final picture was a little fuzzy.

NEWS FLASH: Member Joseph Zera has notified the society that he will NOT be able to carry out the duties of 3rd Vice-President due to job commitments. A call to runner up, and almost tie score nominee, Jack Stodelle, puts him in the same position....new work he is doing will have him out of town quite often, Jack says he will have to drop out too.....SO....the membership will have to suggest someone else....it is the duty of the Board of Directors to fill such vacancies....in this case, no one ever took office, what do you do in a case like that?? Best suggestion is for the members to let the Board in on their favorite choice of member for the job and let the Board make the final decision and appointment. Those third V.P.'s are hard to get, last year we lost member Bill Snyder from that position when he moved away, Eric Sanders filled in the rest of the year....here we go again in 1961. (Program material for the February and March meeting has been arranged by the Newsletter staff)

FEBRUARY MEETING.....MONDAY, FEBRUARY 6th - 8:00 P.M. - SANTA FE DEPOT, S.D.

(NEWSLETTER deadline: news items, announcements must reach us before the 20th)

THE SICK LIST: Missing from our installation dinner meeting, the model RR couple, Mr. & Mrs. George Rider....Faith down and out of railroading activities due to a recent operation, get well and back on your feet Faith Rider. (Faith was to have done our table decorations, that big card you all signed was for her.) Insurance man, Ben J. Ross also missing from the scene due to nasty heart attack, get well Ben. (Ben is not a member but has handled the liability insurance for the society on equipment at Del Mar and on excursions, he also handles insurance for model railroaders equipment.)

THE MEMBERS "WRITE OF WAY" "Lets have a little more organization at our regular monthly meetings, there were some pretty good meetings last year but always that certain lack of proper organization in running the meetings!..... (Ed. note: due to Pres. Mann being on police duty and the various V.P.'s being quite busy also, many of the meetings were sort of thrown together on the very night of the meeting, this is no excuse but we were sort of handicapped last year, maybe the new officers will correct the situation, come on down to the meetings and help make 1961 a better year.)

"The meetings would be better if people would not talk so much, we have a hard time hearing what is said up front, a little show of common courtesy is needed at the society meetings, some of us don't hear so well and then when everyone is whispering and mumbling to each other, it spoils the meeting for us, please print this in the Newsletter, we are not pointing the finger at any one person, but if everyone were reminded of the problem maybe something will be done to correct this very annoying and show of poor manners!.....(editors note: I have been guilty of this, have you?? As this member points out, it is very poor manners and shows a lack of respect for the speaker, I think we should all try to cut down the talking when someone has the floor.)

"Is the society broke to afford a decent picture screen? I think it would be a well spent investment to purchase a large pull down type screen for the society meetings. I am not saying anything against the people that have been good enough to bring their own movie screens for society use but for any large group and for 16mm movies and 35mm and 2 1/2 x 2 1/4 slides, we need a BIG screen, can we get some action on buying one?.....(Ed. note: This was talked about in the past but no action taken, wall and ceiling roll down types are rather expensive but really do the job right. A screen of around 6x6 feet or 7x7 feet can be bought for around 60 to 70 dollars, it would help our programs, what do the rest of the members think?)

"I note that the Central Coast Club buys and presents many of the railroad books to the San Diego library. Why doesn't the society do something like that here in San Diego?" (Editors note: We have subscribed to Trains and Railroad magazines for the main branch of the library. The thought of placing some of the better books in the library is a good idea, "Rails of the Silver Gate" is one that we should start with. Any ideas? speak up at the meetings.)

"I just want to bring attention to the wonderful job that is being done by the people that put out the society publications, the Dispatcher has been very good and getting better, we enjoy the Newsletter very much also," (Ed. note: I will second that, the Dispatcher is always good, and sometimes better, we all owe a great deal to the staff that continually produces good reading in each new issue of the Dispatcher. About the Newsletter, not trying to blow our own horn, we get quite a few nice comments but....we feel the Newsletter could be better. BUT...we need news from the members, we can't print it if we don't even know about it, this column from the readers, the members, was a little added thought to make the Newsletter serve the society as it should. Members are always coming up with a little pet gripe but it never goes far enough to get any results, this will be a monthly column if you the members wish it, the notes in this issue are just a few that have come our way, we get cards from time to time from the members, not with much news but with a few suggestions to help us all run the society a little better, send in yours, gripe or praise and we will pass it to the membership. SEND US SOME GOOD NEWS ITEMS TOO.)

"As I understand it, the REHS of SD is a member of the Orange Empire Trolley Museum, is this true? If so, we have a few members that ought to keep their own personal complaints to themselves. It is natural that no railway club or group can please all of the members, but from observations at the O.E.T. property, I feel those fellows have done a magnificent job, I only wish I had the time and finances to help with such a worthy project." (Ed. note: TRUE, we can't all do it the way we would like it, my gripe with O.E.T. is that they don't have 100 streetcars more, I think big!!! All kidding aside, the O.E.T. has done the impossible, don't kid if it isn't just as you would prefer, they work hard, you just don't know how hard until you assist in JUST ONE TROLLEY CAR MOVE!!!! Get up to Ferris and lend a hand and you might have a different idea on O.E.T.)

DUES.....DUES.....DUES..... Have you renewed your membership as yet???? The deadline is March 1, 1961, dues are due and payable as of January 1st each year, the last page of this Newsletter has a tear off slip for renewals.

CARDS The new 1961 cards have not been issued as yet, why? no cards. The 1961 cards are being printed, it turned out we did not have a sufficient number of the old style cards to handle the 1961 membership so there are some pretty new ones being printed. Remaining cards as used in 1959 and 1960 will be used for Family members. Regular and Sustaining members will have the new style cards, thus there will be a method of determining membership status.

Your new card will be included with this issue of the Newsletter if they are ready in time...and you have paid your 1961 dues, check the following list of new members and renewals on the back of this page and the last page. The names listed are all paid up for 1961, as of January 25, 1961.

ADVANCE NOTICE The Pacific Beach Model Railroaders Club, Inc. wishes to send an early invitation to all RHSoSD members to attend the PACIFIC BEACH AND WESTERN RAILWAYS 12th ANNIVERSARY DINNER and INSTALLATION OF OFFICERS..... The club will hold their dinner at the Midway Chuck Wagon, same place as last year (and same as our dinner) in the Fireside Room at 8:00 P.M. on THURSDAY, MARCH 16th-1961. Cocktail hour from 6:45 to 7:45 P.M. \$3.00 per person for the dinner (all you can eat) and this covers tip, tax and door prize tickets. The program will consist of a guest speaker, slides and the new 16mm color and sound movie by Union Pacific, "LAST OF THE GIANTS" a pictorial parade of the U.P. steam locomotive up to the 4-8-8-4 Big Boy steam articulateds.....PLAN now for a real railroady night, the P.B.&W. promises a good time, "That Ain't None Eastern, the PACIFIC BEACH & WESTERN". (For reservations see Barbara or Corky Thomson....or any of the many P.B.M.R.C. members that are also members of RHSoSD.....phone BR-3-5081, or 3204 McGraw St., S.D. 37)

LAST OF THE GREAT FLEET OF "BIG RED CARS" Plan now to take part in the farewell run of the former Pacific Electric system. N.T.A. in Los Angeles will soon stop another of the remaining runs of the red cars....this time, the last of the red car lines. SUNDAY, MARCH 19th-1961 is the date set for the RHSoSD excursion on the cars as announced by Excursion Director, Wally Duthie.

Plans call for charter bus service to L.A., the electric car run from 6th and Main to Long Beach and return (with ample photo stops) to L.A., a ride on the Angels Flight in downtown L.A. and dinner at Knott's Berry Farm, from there back to San Diego. Alternate trip: Via Santa Fe streamliner "San Diego" from San Diego to L.A., N.T.A. coach to 6th & Main, then the electric car trip, joining the bus group at the terminal. On return to L.A. from Long Beach, the train group would return to the depot via N.T.A. coach, dinner at the Fred Harvey restaurant, and then return to San Diego via AT&SF "San Diego".

SCHEDULE: Wally has not disclosed the exact departure time via the S.D. Transit System charter coaches....the train departure time is 8:30 A.M. on #73, returning to San Diego at 8:30 P.M. on #78. (departure of the red car from L.A. to Long Beach is scheduled for 11:30 A.M. for those wishing to drive their own car to L.A.) **BROCHURES WILL BE MAILED SOON**

ORANGE EMPIRE TROLLEY MUSEUM Locally we have several members of the O.E.T., many of these people are members of our own RHSoSD. Two group memberships are represented: The Railway Historical Society of San Diego, Inc., and the Pacific Beach Model Railroaders Club, Inc. These group memberships do not make the individual a member and the dues paid go to help cover the normal monthly expenses of O.E.T., they do not cover purchase, transportation or restoration of equipment, the O.E.T. relies on individual donations for such projects, just as in our group. We have on several occasions donated to worthy causes at O.E.T., you can help, by joining or contributing....for information on the ORANGE EMPIRE TROLLEY MUSEUM, write P.O. Box 501, Perris, Calif.

WORK PARTY EXCURSION TO O.E.T. FLASH... The Board of Directors and Excursion Director just came up with a late date trip to Perris. Purpose of the trip is to do maintenance on the streetcar #171. Contact 2nd V.F. Tommy Mann BR-3-8824 in charge of restoration and maintenance, Excursion Director Wally Duthie at CY-5-6309 or CY-5-3403 evenings. Member Bill Wooten is in charge of tickets and arrangements, 1828 Gateway Dr., S.D. 5 - GO-4-7676. Charter bus will be used for the trip, \$4.00 roundtrip, plan to work and ride the O.E.T. line. **SUNDAY, FEBRUARY 12, 1961 - BUS DEPARTS FROM 200 LOT -** bring your own lunch, plan on paint scraping and removal on the 171, repainting bad spots, general clean up of interior and exterior of the car. Operations of streetcars in the
