just before I left home, and I suppose there has been some results by this time. I suppose that the grass at least is green, on the lawn? I take it from your last letter, (the 23rd) that Hanson is about over the measles, but that the cough he has, is the cough that usually follows the measles.

I am glad Carol is keeping well, and am so anxious that the effect of the operation on her throat, may prove beneficial.

I reckon we will have to do something to you, to get rid of your aches & pains.

It does seem too bad that you should have so many.

How is the "rheumatiz" coming on? I am pleased to tell you I am fully as well as usual.
