Give Them Some Help

The colored Methodists have placed the corner stone of their new church building on the southwest corner of Main and Third streets. On the stone is a contribution box in which you are expected to drop a small piece of money. The colored people have built the foundation or first story of rock, and are now asking some assistance in erecting the upper part of the building, which will be frame work. This is a worthy cause and you would do well to help it along.
