Attention J.EDgar Hoover,
Department of Justice,
Washington, D.C.

1249 Cranston Street
Cranston, R.I.

February, 17th,1939.

Dear Mr. Hoover:-

I am sending you the following facts, and the reason I did not send them in before, was that I did not want to expose my father and mother to crime.

My father, Dr. S.WClark, my mother,Grace R. Clark, were both brilliant students. In their private lives they were both sexual perverts, and dope addicts.

In March of 1938, while my mother was ill, my father and I were discussing my summer plans. Because of the ill, ness of my mother I was considering giving up going to Northfield, where I wanted to go. My father spoke up and told me"that if I didn't go it would spoil all our plans. We have plans for this summer that nothing can spoil." Later on I went to Northfield, because my doctor advised me to so do. Around July 27th, I believe a murder was committed. If the cellar of 1249 Cranston Street, and 1235 Cranston Street is inspected, the cement removed, it will tell it's own story. I have in my posission eveidences of the crime. When I returned from Northfield, the cellar light was still going, and when I questioned my father about it, as my mother owns this house, he showed his guilt. Both he and my mother hid their faces and refused to converse on the matter. At the time I had put my ~~cellar~~ house rather under the care of the Cranston Poilice Department, but my father didn't know I had.

My father was closely associated with the late Dr. Webster who was murdered, was it July 21st, 1937? I believe my father knew more about that murder than any other person in this state. Has Raymond Grinrod, been located yet by the poilice dep't. of this state? He was closely associated to my father and mother, as his mother Alva Crook Keith, was a tenant in 1247 Cranston St. The family now occupying it are the Gilligan, Shaffer family.

My father died, Dec. 5th,1939. In the Wayland Manor, Prov. Every anneversary marks for my mother and my late father another act of perversion, rather than pleasure of some higher type. I understand to hold or withold knowledge of crime is against the law, you will understand I trust my position in this matter. It is very hard to sheild from and still feel that I should tell what I know, when the persons involved be my own parents. My mother has long suffered from a mental derangement. Even before her marriage, according to information I have gained.

I am living in the down stairs tenament, of this house. When I was married in October, 1927, my mother wanted us to live in the second floor, but we later moved down . My husband died in Jan 1935. My mother gives me the rent here and so far support myself and my son, as my father instructher so to do, three days before he died.

I solicit your co-operation, and confidence in this case.
I promise to give you my loyal and honest support, you are in a position to advice me correctly. May God forgive me if I have[d]

Awaiting word from you, I remain,

Sincerely,
Mildred Clark Bradford
(Mrs.) Roland R. Bradford.
