'Twas a wonderful night for dancing,
And when _____ came for me,
The stars were in my eyes,
For everyone to see.

We left the house at _____ o'clock,
In need of nothing more,
Than a moonbeam to escort us,
Right to the very door.

The band played _____
our favorite tune,

We hummed along for fun,
But all too soon they played the song,
That meant the dance was done.

We went to _____
for a little while,

Each moment seemed just right,
Then home at _____ to linger,
In dreams of a _____ night.
