OUTINGS:

July and August - DAY TRIPS - Nipomo Dunes. Most weekends, all summer long, outings will be conducted to invite further acquaintance with our county's unique and scenic seashore dunes. Walks - picnics - clamming - sandbuggy excursions. Fun for families. Trips meet at Oceano Campground entrance, Pismo State Beach, 10:00 A.M. and 2:00 P.M. some Saturdays, Sundays and weekdays. If definite arrangements are desired, contact Kathy Jackson, 489-3576, or 238-4353.

CONSERVATION: -or, Bob, the heading could be STEP FORWARD ON NIPOMO DUNES
-or whatever you like -

The California State Park Commission has adopted a motion requesting the State Lands Commission to delay action on the application of Collier Carbon & Chemical Corp., - for a permit to build industrial structures for conveying and shiploading of petroleum coke in the scenic Nipomo seashore dunes area, - until studied and reviewed by the State Park Commission.

Sierra Club conservationists working vigilantly for preservation of the Nipomo-Oceano Dunes, are heartened by this step forward, and commend the State Park Commission action. New members in our Group are particularly invited this summer to explore and enjoy this unusual and beautiful coast playground.
