

Old Business (continued)

4. State Park Bond Initiative: it was noted that the San Luis Obispo County Board of Supervisors had passed a resolution supporting the Initiative. John Ashbaugh reported SLO County signatures now total 8,400, but that there is no doubt the county will top over 10,000. It was stated that throughout the state 325,000 signatures which are validated will qualify the Initiative for the June 1988 ballot.

President Liz will see to it that a letter of thanks will go to Bob Badaraco, SLO County Parks Facilities Manager, and County Supervisor Evelyn Delaney for their support in getting the County Supervisors resolution supporting the Initiative.

5. Multi-use Harbor (Parson's Harbor) Upsate by Liz and others:

The recent public meeting, sponsored by the League of Women Voters in Santa Maria was attended by President Liz, Jack Dougherty and Jim Batterson, all of whom spoke in opposition to the harbor proposal. George Smith, owner of the Smith Trucking firm and one of the leading proponents of the harbor near the mouth of the Santa Maria River, spoke as he does at every opportunity; in what he had to say he appeared foolish and in poor taste. Liz passed around copies of the harbor proponents' folder which contains a number of inaccuracies.

6. PNDNS brochure: President Liz announced that there will be a report on November 2nd at the regular PNDNS monthly meeting by the PNDNS Brochure Committee: Russell Branch, Jack Dougherty and Steve La Marine.
7. Update on Oso Flaco OHV proposed staging area. It was reported that Coastal Commissioner Steve MacElvaine is opposed to an Oso Flaco ORV staging area. President Liz discussed other details regarding this staging area proposal.
