To: Anne Chamberlain

From: Kathleen Jackson

Dear Anne: If I knew the way memos and their attached clippings are routed..... Or if I knew just the way newspaper clippings are routed throughout the San Francisco area of Sierra Club.....I would know how many newspapers to try to collect (or buy) and to whom to send them.

In particular, for instance, on the matter of the Nipomo Dunes, I have been collecting a complete set of clippings and sending same to:

- Siri
Dickey
Doris Leonard (over at Conserv. Assoc.)

What does Siri do with his? And Randy? Maybe I should also send a set to Kilgore, or you.

Just jot a reply on this note and return. Thank you.

Kathy
