

T. W. & C. B. SHERIDAN, NEW YORK AND CHICAGO

PERFECTION "A," FOOT POWER

Morrison's Wire Stitcher

Price, \$80.00

"A" improved, with extra large table and saddle, will stitch through back of book 30 ins. wide, \$90.00.

For stitching pamphlets through the fold it is desirable to flatten the wire as little as possible.

The Machine will stitch books up to one-fifth of an inch thick, and must be adjusted for the different thicknesses by means of the index hand.

For books up to	$\frac{3}{4}$ inch thick,	set index hand to.....	No. 01
"	"	$\frac{1}{2}$	" about.... 2
"	"	$\frac{1}{8}$	" 3, etc.

Should the stitching be required tighter, set the index hand to a lower figure; if looser, to a higher figure.
