

Twinrocker Handmade Stationery

At Twinrocker, each watermarked sheet, envelope, and portfolio is individually hand formed, with natural deckled edges. After the paper is dry, it is hand scored and folded. For some designs, envelopes are glued, with a brush, as they were three centuries ago. Like all our papers, stationery is made from selected fibres found throughout the world including cotton and linen rag, abaca, and hemp. Colors echo the natural appearance of the fibre or reflect the brilliance of lightfast pigments or metallic thread. Each sheet is unique and alive in its response to the pen. For an especially smooth surface, the normally Coldpressed sheets can be plated to a Hotpressed finish on request.

PERSONAL LETTERS: Personal letters are available with either a squared or a rounded flap. The letters are 7x10 in size, the envelopes 4x7½.

NOTES AND INVITATIONS: Notes for correspondence, invitations or announcements are made in three sizes which make up the traditional American "wedding set." However, they can be purchased either as a set or separately. The flaps of these envelopes have the traditional triangular shape.

OUR SIZE NAME	DIMENSIONS

PORTFOLIO: Our handmade portfolio is a beautiful container for Twinrocker stationery, photographs, or other personal items. The decorative 8½x10½ portfolios are available in several colors, some with interesting bits of metallic thread, mica, or corn husk. The Twinrocker watermark impressed in bright red sealing wax accents the flap. Portfolios may be purchased separately, or already assembled with a selection of Twinrocker stationery.
