KANO GOAT

The Fulani People of Northern Nigeria tend their goat herds in the open savanna around the city of Kano. The goats are prized for their distinctive hides which bear a longitudinal grain. This natural grain is shown at its best through our careful tanning process. Kano Goat is especially suited to the quality book binder. We offer Kano Goat in six attractive colors indicated below. As usual we also offer the swift and courteous service that you have come to expect from Crown Rivers.

Price Per Square Foot

1	-	12 skins.....	\$4.50
13	-	25 skins.....	\$3.75
26	-	50 skins.....	\$3.25
51	-	& Above.....	\$3.00

Kano Goat is offered with a full aniline glazed finish. The skins are hand boarded to give the leather a softer feel and also a less glazed finish. The size per dozen is between 55 and 60 sq.ft. and the thickness between .75 & .8mm. The leather is vegetable tanned and available in two qualities. Special color-matches are available at 500 sq.ft. minimums and require 5 to 6 weeks order time.

GTI

G.T.I. is a new exciting binding material from France. It has deep rich colors and is a rayon fabric with a tissue lining paper. The paper lining adds strength and functionality to the woven surface. Ordinarily glue may seep through woven surfaces creating spoiling, however, with the tissue lining acting as a barrier and a bonding surface this problem is eliminated.

G.T.I. is available from stock in selected colors that lend themselves to the book industry. The roll dimensions are 54 inches by 55 yards length. A spectacular assortment of additional colors is available from the factory with a six week delivery time.
