Dear Chris:

The vellum has arrived !!! Looks good to me. Paper is here, now waiting for your directions on how to cut and fold.

Needed:

Date, Time and Flight number of arrival. Please, please make it Saturday, the 28th, even if it is at night. That will give us Sunday to check and re-arrange the tables, etc. So that Monday there will be no confusion.

Heavy tube. None here.

I am sorry there cannot be an honorarium for your Wednesday night talk. We are very poor. Can you have a list of your art background and teaching, Florence and Lof C so that the chairman can introduce you royally.

Hope you are faring well without Conagh. What will you do with Murdock?

See you soon.
