Dear Mr. Oka:

The drying boards have arrived and in perfect condition.  
Thank you so much.

As I wrote to you last year I would like to know how they are made. What kind of paper is used, how many layers are there. Is each layer pasted just to the frame as the first one must be or are they pasted all over. What function has the green presimon juice.

I have no intentions of makeing any drying boards but I like to know how things are made. I hope this will not be too much trouble.

My regards to you and your family and to Mr. Kelman.

Sincerely,
