1828 Mason Street
San Francisco, Ca. 94133

Dear Mr. Oka:

As you can see by the new address I have moved. It was a tremendous job. At last everything is in order and I am back at work. The location is better for everything, shopping, transportation and the best part of it is that I am near my youngest son and his family, so that I can see my grandchildren everyday.

Yes do send the paper. It is not like the sample but will do very well. I hope it has not caused you too much trouble.

We are having beautiful weather but would much rather have rain. It is needed very much. Water is very precious at present.

My regards to you, your family and all who work at your studio.

Sincerely,

Stella Patri
