HAMMERMILL FORE BOND

Hammermill Fore Bond, long the printer's favorite, is preferred because:

. . . whether running full-out on the press or speeding through a bindery operation, Fore Bond's fast performance means dollar savings to printer and customer alike.

. . . it's available in white and eight clean, popular colors that make this unwatermarked bond perfectly suited for internal forms, orders, and invoices.

. . . any *and* all jobs are delivered in a most economical, attractive fashion.

And Hammermill Fore Bond possesses those characteristics that set it above other economy sheets:

. . . a pleasing background and good opacity make it a natural choice for direct mail pieces or any sales and advertising promotions.

. . . an especially durable paper, Fore Bond withstands the rigors of repeated handling and filing.

. . . suitable for top notch stencil duplicating reproduction.

You can't go wrong with dependable Hammermill Fore Bond:

It's a truly reliable all-around performer whether used in office, institution or printery. And it comes in a large number of cut sizes, folio sizes and, for small web presses, many Rollicopy items. Variety and versatility have long been associated with value-packed Hammermill Fore Bond.

HAMMERMILL FORE DUPLICATOR

Hammermill Fore Duplicator is an unwatermarked chemical wood paper designed especially for spirit and gelatin duplication:

. . . select it for pen, pencil or typewriter applications on white or five hard-working colors.

. . . when easy-to-read copy and fast production are needed at an economical cost, Fore Duplicator should be the first choice.

. . . it's suitable for production sheets, order forms, instruction pages, reports, and internal forms.

The Hammermill name is your guarantee of a paper that delivers these highly desired features:

. . . a clean background for better contrast
. . . eye-pleasing whiteness and opacity
. . . a smooth, level surface
. . . good strength and stiffness
. . . no annoying lint

You'll be delighted with the results when you choose Hammermill Fore Duplicator:

It's a trouble-free performer made to produce 200 or more bright copies from the original master.
