I was so sorry we
missed the museum in
from looking to San F.
I set out on 1:50
P.S. The photos I
took from plane

almost
empty

Dear Stella.

Very many thanks for your hard
work & tenacity for the course
I feel that I did rather little be-
side you. It was very nice to have
some really interested people to talk
& work with. Oonagh & Eoghan
arrived back yesterday they both
seem to have enjoyed themselves,
Oonagh & I do really intend to
motor across America to West Coast,
certainly before we go back to London.
Will love to show Oonagh S.F. Have
written several letters to enquire about
work & am debating about writing to
Paul Banks. Hope you are quite well &
many thanks once again. Chris.
