Attention: Mr. J. Cox

Dear Mr. Cox:

Thank-you for your note of April 24th, 1968 regarding your invoice #9289 in the amount of \$24.58. You mentioned here in your note that it was for Wobber Brothers, and was approved by Mr. Garvey. I am not aware of this transaction, and will question Jim on this. Our records do not show any transactions with Wobber Brothers.

In all future work that you do for us, please include a customers name with the billing. The problem here at this office is that we do not know who you are doing the work for, and consequently cannot bill the customer unless we have an order from Jim. This I will try to rectify in the future.

I will hold this invoice for payment until I have cleared this matter with Jim Garvey. Thanks' for your co-operation on this matter.

Yours truly,

H. Howard Colehower III
