Your Beater
Is Waiting
for You
Now!**

Do you really, really want a Hydra Hollander Beater but can't afford it right now? Wouldn't your studio like the addition of a new Beater? And shouldn't you be able to make beautiful pulp paintings with overbeaten Abaca in a new Beater? Well, wait no longer! We now have available Financial Services so that you, too, can have a Hydra Hollander Beater of your own. Contact us to set up a Financial Services Loan Commitment. It's easy and payable in the time commitment you set up.

THE NEW CLAY

Here's a great new title for your craft library. *The New Clay*, by Nan Roche has a fascinating array of ideas using different kinds of polymer clay to make all kinds of wonderful things. Many papermakers have told us that they found out about us through this book. We found *The New Clay* in the local bead shop! Maybe you'll find your new idea in this book, too! 160 pp. 1991.

THE ART AND CRAFT OF PAPERMAKING

Sophie Dawson, a British papermaker, has written a very fine instructional papermaking book. Every page is loaded with color photographs and drawings showing you exactly how to make wonderful handmade paper and all its variations - detailed information on everything from casting to vacuum forming. We highly recommend this title for beginners and advanced papermakers. 144 pp. 1991.

THE NEW PHOTOGRAPHY

This wonderful title is written by Marilyn Sward of Paper Press in Chicago, IL. She goes into great detail about how to make handmade paper and use it with the photographic process. *The New Photography* shows you ways to expand your artistic horizons. A terrific addition for your papermaking library. 241 pp. 1987.
