

mark where and sheet com
judge where to punch hole for head
usually at 1st joint

turn book + mark in middle of double
thong. + punch holes on flesh side
chisel toward spine making cut between
the two holes 20. When this is cut
it will leave a small lip. later
this will be pushed in + make it tight.
Pull throu slot tight then lace
into the two holes on flat side.

Prep. of text books - repairing
end papers - hooks under 1st section
cut thong - alum tawed
sewed

rounding

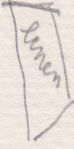

lining of spine

prep. head band core

Sew - head bands = to help retain lining
+ " retain convex
curve of spine
