

**I**N addition to the presses as shown in this catalogue, we are manufacturers of a full and complete line of bookbinders' machinery, including paper cutters, book trimmers, die cutting presses, rotary board cutters, circular and straight shears, knife grinders, pinking machines, job backers, roller backers, case-making machines, automatic book-covering machines, Perfect binders, gathering machines, casing-in machines, signature presses, book-sewing machines, punching machines, standing presses, case smoothers, round corner cutters, beveling machines, lace curtain presses, cloth slitters and glue heaters.

We are selling agents for cherry boards, brass bound boards, ruling machines, rounder and backers, wire stitchers, paging and numbering machines, perforating machines, eyeletting machines, and can furnish a complete bindery outfit on short notice.

Please note that our machines as noted above are not by any means confined to printers' or bookbinders' use. They are adapted to and are in general use in many trades and businesses.

If you are in need of machinery of any kind, consult with us, and we shall gladly give you the benefit of our nearly three-quarters of a century of practical experience in the manufacture of machinery.
