JAPANESE BOOKBINDING CLOTH. Recently we received the following letter from Mr. Gregor R. Campbell, President of the Campbell-Logan Bindery:

"The Campbell-Logan Bindery, Inc. had been a customer of Brian R. Johnson, doing business as Johnson Bookbinding Supply for eleven years.

As is became increasingly difficult to conduct business with Mr. Johnson or obtain the Japanese bookbinding fabrics imported by him, we became concerned that these unique and beautiful cover materials would no longer be available.

The Campbell-Logan Bindery

212 Second Street North, Minneapolis, MN 55401

Telephone: 612 • 332 • 1313

Wats: 800 • 942 • 6224

Fax: 612 • 332 • 1316

Email: 71514.3705@COMPUSERVE.COM

Gregor R. Campbell

One day last summer, while discussing these problems on the telephone with Brian, we struck a deal with him and have now taken over the import and distribution of his line of Japanese fabrics.

Part of this business arrangement was that Brian would supply us with his mailing list. That is how we have obtained your name and address that appears on the mailing label of this letter.

We know that this mailing list is quite old and much of the information on it is obsolete.

If this letter should find you and you are still interested in Japanese bookbinding fabric we will be happy to include you in future mailings if you complete and return the enclosed postcard or telephone us toll free in the U.S. and Canada.

We currently have some 42 fabrics in our stock inventory. These fabrics are shown in our new sample packet conveniently displayed in a three ring binder format which is free for the asking.

We know we have a lot of ground to cover and a frustrated past clientele to win over.

We promise to maintain a consistent inventory of the fabrics we stock in Minneapolis.

We promise to answer and return your telephone calls, faxes and Email inquiries promptly.
