

Dear Stella:

The kid is the whitest and trust it may prove right.

Later, I shall show you the black foil lettering on the kid.

Maurice says you are looking better & better. Keep it up so you <sup>will</sup> swing your orange scarf with a verve.

Don F. has just washed parts of two little books-- the place reeks of clorax.

Mimi sends best purrs. Every day Barbara gives her special loving moments and Mimi revels in the attention.

Good luck with all the "jobs".

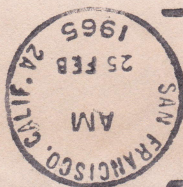

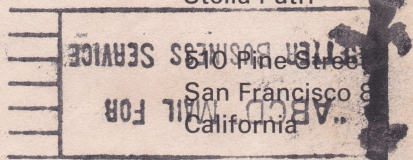

Love,
