Dear Mrs. Patri:

Enclosed please find a copy of the invoice which I handed to your son during his visit with us. As to the brush you mention if you could be a bit more specific as to its appearance, i.e. color, length and type of fibres I am sure that we can order one for you.

I hope that this finds both you and your son in the best of health. Mr. Kelman and my family send warmest regards.

Sincerely,

*Iwataro Oka*
