When in S.F. thought she had said she'd wanted to come back & get instructions in B.B. So instead I could come to Canada for this & visit Cousin. Then her letter to come week of Aug. when her husband would be hunting. Couldn't get reservation until Sept. 3rd.

Intention to show her a few things on B.B. limp vellum, Japanese book, etc. & stay a few days until week Ramon could take me to La Belle & Stella.

But Stella in Montreal for tests & at Ramon. Two of Ramon's daughters are in hospital one with false alarm of 6 1/2 mo. pregnancy and a son-in-law also in hospital with heart attack! La Belle impossible.

I had not intended to stay with Jeanne just visit her & her sister in Stn Jerome.

So plans were not as I had thought.

Because Dr. was returning & Sue has daughter leaving and butchers coming to cut. Still it was not possible for me to stay. So I called Jeanne if I could stay with her until Monday. Then to Ottawa to see Elizabeth.

In meantime Stella's eye trouble, & blind in right eye, to hospital 2 doctor appointments for next Monday. That is when I said I would go to Dubuque as I didn't feel I should impose on her hospitality! You couldn't understand

~~this. So here I stayed until Stille
phoned that we would go up to La Belle
on Friday. Kyrle to bring me back
to Jeanne~~
