Dear Dr. Burns:

We regret having to inform you that in this instance the Louisiana Endowment for the Humanities has declined to fund your grant proposal **OG 01-604-202** entitled **CCC: The Great Depression Fighter** under your direction.

The decision not to fund your proposal does not necessarily mean that the LEH does not recognize the merit of your proposal, but only that a limited number of proposals could be funded. Although the Endowment declined your grant request, the panel found your project deserved a Reject/Resubmit decision, meaning they strongly encourage and invite you to reapply at a future date.

If you would like a representative of the LEH to discuss with you why this proposal was not funded and what can be done to make a resubmission of your proposal more competitive in a future grant round, please contact program officer, Jennifer Mitchel at 1.800.909.7990 ext. 123 or mitchel@leh.org.

Sincerely yours,

Michael Sartisky, Ph.D.
President/Executive Director
