THE PRESIDENT AND SECRETARY

Second Southern Forestry Congress

NEW ORLEANS, LOUISIANA

JAN. 28-30, 1920

OFFICE OF THE PRESIDENT AND SECRETARY
CHAPEL HILL, N. C.

March 24, 1920

Miss Caroline C. Dorman,
Chairman of Forestry,
La. Federation of Women's Clubs,
Campti, La.

My dear Miss Dorman:

Your letter of February 28 has remained un-
answered too long. I much appreciate all you have been

doing to bring to the attention of Congress the resolutions of the
Southern Forestry Congress. I agree with you that the forestry
officials in Louisiana will undoubtedly approach their Representatives
on this subject, but your doing so adds more than you realize to the
influence upon them. I believe we are to have a hearing before Con-
gress about the middle of April, and I hope we shall find them in a
receptive mood.

I trust that we may meet again at the next Southern Forestry
Congress, if not before.

With kind regards,

Very sincerely yours,

J. S. Holmes
Secretary
