50,000 ACRES DENUDED LANDS IN LA SALLE, CALDWELL & WINN PARISHES
 NOW BEING REFORESTED WITH PINE AND HARDWOODS
 A CROP OF TIMBER CAN BE GROWN IN 40 YEARS
 SIMPLE - EASY - PREVENT FIRES

HENRY E. HARDTNER
PRESIDENT

URANIA, LA.

#3

Record of a 20 acre plot thinned and properly worked is hereto attached.

Twenty Five pair of Chinese pheasants furnished by Conservation Commission were liberated during the year. Hon. A.P. Fujo of Lake Charles donated a pair of Chinese pheasants which were also liberated. Their names are Wu-Ting-Pank and Fan Tan which insure their happiness. The ten acre artificial lake at Urania was stocked with mountain trout by U.S. Bureau of Fisheries. A number of bull frogs were also placed in the ponds. Game and fish were plentiful during the year. Fully 5000 pounds of perch, bass, bar fish, channel cat, mud cat, blue cat, caspergout and buffalo were caught with pole and line during the year. Hundreds of our local people enjoyed the sport and usually secured all the fish they needed. The people generally observe the game laws and there were only two instances of dynamiting the streams, two violators being convicted and fined by Judge Wear at Jena, La.

Game killed is estimated as follows:

Quail	1250
Ducks	150
Squirrels	3000
Rabbits	1000
Deer	10
Opossum	200
Mink	100
Wild cat	50
Raccoon	300
Skunk	50
Wolves	2
Turkey	5

The parish of La Salle has passed an ordinance prohibiting the killing of deer for three years which no doubt will add much to their numbers and re-stock this territory.
