

H.A. White Photo from Martha Faye White, SFHM

H.A. White was out on the line to photograph #2, returning from Kurthwood, apparently several times in 1919 and 1920. This one was taken at Kurthwood, probably early in 1920, before formal passenger service started, as evidenced by the freshness of the ground and the pile of wood on the porch of the Kurthwood office building. Note that only a few of the windows on the cars are open.
