

UNITED STATES FOOD ADMINISTRATION

JOHN M. PARKER

FEDERAL FOOD ADMINISTRATOR FOR

LOUISIANA

HENRY E. HARDTNER

IN CHARGE OF CONSERVATION

URANIA, LA.. May 11, 1920

SUBJECT

Dear Miss Dorman.

I was glad to have your letter, and to know that your interest in forestry has not abated. Have been out to-day with Forbes over some wonderful young forests and I feel very much fatigued.

Later in the season (vacation), if you will come over I will show you real forestry work in cutting mature trees and leaving young growth.

We will go for miles and see real forestry.

Why not write Mr Aswell to get the Government to purchase that 1000 acres for a national forest, also to The Forester.

Very sincerely

Henry E. Hardtner
