Dear Paul,

Thank you so very much for all you did to make our CCC Reunion program at LSUA on November 10, 2001 such a big success.

The Civilian Conservation Corps veterans really appreciated your praise for their important role in establishing the Alexander State Forest and their work in reforesting the State so that timber is Louisiana's number one crop.

Thank you, also, for bringing the fine display of old photographs. We may want to use them again. A number of the CCC veterans want us to have another meeting because they enjoyed this one so much. Maybe next time we can have it at the Southern Forest Heritage Museum and display fire flaps, dibbles and other old tools the CC boys used.

Thanks again,

Sincerely,

Anna C. Burns, Ph.D.
