SUBJECT

Dear Miss Dorman

I am going to notify you very soon
what Sat. and Sun. to come over and
you will have 14 fine young foresters
of Yale U. to talk with and 2
great professors and I will be
at your service too. So we ought
to formulate some good plans.
Mr. Graves wrote a fine letter about you
and your ambitious plans.
We have two Miss Allen's teaching in
La Salle and Prof. Shumway. They must
be from your section. I do not
remember author of the Poem.
Why not take a ten days course here with
"Yale". I am willing to do all I can
("since no one else can") Always glad to
hear from you. Sincerely
Henry E. Hardtner
