Dear Miss Dorman

It was a great disappointment not to have you with us and I did not get over it all day. I accused the men who were in the party of having neglected you. A young lady (a movie artist) told me that you showed up, but must have miscalculated the time.

No, you would not have been in the way, for around here a woman looks the same chances as a man.

However I shall be glad to have you come and spend two or three days when I can give you more time. The Yale Forest School will be here in March, and you might learn something from them. There are two excellent professors and about 18 students.

Very truly

Henry E Hardtner
