November 12, 2001

Mr. Lynn Neff, Supervisor
Kisatchie National Forest
2500 Shreveport Highway
Pineville, LA, 71360

Dear Supervisor Neff,

Thank you so very much for all you did to make our CCC Reunion program at LSUA on November 10, 2001 such a big success.

The Civilian Conservation Corps veterans really appreciated your praise for their contributions in saving our nation's natural resources and playing such an important role in establishing Kisatchie National Forest. From now on, they and their families will have a new sense of pride and ownership in Kisatchie.

We are also grateful for the fine displays and video that Jim Caldwell prepared. Those added so much to the program. I also appreciated your help in locating some of the CCC veterans. We have already received several additional names. When I compile a new corrected list I will be happy to share a copy with you. Quite a few of the attendees asked that they meet again next year.

Jim said he would give us a copy of his video which I want to use at a meeting of the Friends of the James C. Bolton Library. I will also make it available to our history faculty and encourage them to use it in their classes on the Great Depression and FDR's New Deal administration.

Thank you, again.

Sincerely,

A handwritten signature in cursive script that reads "Anna C. Burns".

Anna C. Burns, Ph.D.
Director
