~~Current Position:~~ teaching at the college/un. level. Woodlot forestry; soil-water conservation

Current Position: Retired, School of Forestry, LA Tech Un. (Retired June 30, 1986)

Leaves from the forest. Mt. Life and Work, No. 2, 1951.
3. Pertinent Publications or Activities (Same article in Town and Country Church, April 15, 1951.)
Poverty stalks the small farmer, Mt. Life and Work, No. 1, 1955.
Workmen's compensation laws, their application to forest workers and potential
influence on primary wood-using mills. Jour. of Forestry 62(3):154-160, Mar. '64
Workmen's compensation in timber harvesting and wood-using mills, AR and LA, Bul. No. 8,
Sch. of Forestry, LA Tech Un, Ruston, LA 1973
Workmen's compensation--new developments, Yale Un., Sch. of Forestry, etc., Bul. 86, '75

The impact of safety and health legislation on forestry in the USA (Sr. author with
Paul N. Hale, Jr.,) Proceeding, 8th World Forestry Congress, Jakarta,
Please give a comprehensive description of how your expertise will be applied to the proposed project, and outline
in detail what your role will be. Indonesia, October 16-28, 1978
Special lectures: The Southern Pine Beetle, Beijing, China, April 8, 1986

Land use in the loess-brown loam soils of MS, Chengdu, China, Apr. 12, 1986

4. Project Participation: Advisor to editor/researcher. I was a young forester in the
Bienville Parish CCC, Feb. 1938-Dec. 1941. Later, was sec-treasurer of the CCC Alumni
Ass'n. Camp 4415 was a USDA, Soil Conservation Service camp. Work was with farmers.
I did work in farm woodlots; also, title was changed from Jr. Forester to Farm Planner,
so I learned various agronomic techniques to control soil erosion. I had many
close ties with CCC enrollees during and after my four years in the camp. I have
already given Dr. Burns of LSU Alexandria an oral report--questions and answers--which
she recorded. I am available for further consultation....Sounds like a GREAT project.
