

Doughnut Queen of Claiborne . . .

Doughnut queen of Camp Claiborne is Oner Lee James of Calcasieu, one of the half dozen civilian employees who work in the camp's own doughnut factory, located in the rear of Post Exchange No. 9, behind 84th Division headquarters, and known as PX 35, thus making it a PX within a PX. Oner Lee and five other employees, working on two shifts six days a week, turn out 600 dozen doughnuts daily, principally for sale in the camp's PX's. Units planning parties, though, can have special orders made up for them.
