

Catalog Listing of Wooden Boats

April 4, 2020

The Dolphin Swimming & Boating Club of San Francisco is extremely proud of its fleet of historic wooden row boats, some over a hundred years old but still used daily. These boats are mostly sliding seat lapstrake singles or doubles and durable enough for the rough conditions of San Francisco Bay. Volunteer club members, directed by a master boatbuilder, keep alive the fading skills required to repair and restore these aging wooden boats.

The following listing of boats is by year built, name, and type:

- 1887 JOHN WIELAND, a Six-Sweep-Oared, Sliding-Seat Lapstrake Barge.**
- 1916 VIKING, a Cable Car Gig Sliding-Seat Lapstrake Double.**
