

not be long gone, his Sister
is living with us now, I have
not seen my dear Corry since
I left Toronto, but I hear from
her very often, she is very
happy and quite the lady. she
is now living in Toronto and
has been for some time, many
people call to see us from Toronto
who have just seen her before

My dear Elizabeth

I received
your very kind letter with
your likeness a long time
ago, and I am very much
ashamed of myself for
not answering it before
now but one thing another
has prevented me from
doing so, and I have
delayed so long that I fear
you have changed your
name by this time, I have
not heard one word from
your part of the world since
