My Dear Sir

I have my letter this day
to by this opportunity but as the post
is about to be closed I thought I
would mention to you that a
vessel has just arrived from Kingston
by which I have got a Biss of packing
and find she has on board most
of the cut nails, the woollens,
(3 stores only) the Sherry wine & some
other things but not a Barrel
of Sugar - but what I am
most disappointed about is that
there is no tidings of them two
Barrels of small round iron
& the Barrel of Blacking brath
of which we want
