

Heralds College, London,

27 September 1856

Sir

I am favoured with yours of the 10th date in reply to which I find no arms recorded in this College to your family. I send herewith the form of application for the purpose of having arms granted to you, should you decide upon adopting that course. The expence of obtaining such a grant will be £76.10.0 English Money; and a draft made payable to me on any Banker in London for that amount will be the readiest mode of transfer, if such means are convenient.
